wall mounts for mounting mobile electronic devices; stands for mobile electronic devices; holders for mobile electronic devices; remote controls for mobile electronic devices; electrical audio and speaker cables and connectors; audio speakers; docking stations for mobile electronic devices; loudspeakers; electronic cables parts and fittings; electric cables; connection cables; cables for optical signal transmission; power cables and cable connectors; microphones; audio receivers; audio transmitters; wireless computer peripherals; head-mounted video display; receivers of electronic signals; video receivers; wireless transmitters and receivers for reproduction of sound and signals; electric sensors; sensors for monitoring physical movements; software in the nature of a mobile application; SIM cards; software for processing images, graphics, audio, video, and text; messaging software; software for facilitating and arranging for the financing and distribution of fundraising and donations; software for online charitable fundraising services and financial donation services., (28) Virtual, augmented and mixed reality headsets and helmets adapted for use in playing video games; virtual reality headsets for playing video games for connection to computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile phones in order to enable virtual reality experiences; video game consoles; video game interactive remote control units; wearable peripherals for playing video games specially adapted for computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones; controllers for computer games; audio and visual headsets for use in playing video games; hand-held units for playing electronic, computer, interactive, and video games; gaming devices, mobile gaming devices, namely, gaming machines with or without video output for playing computer games and video games; computer game consoles for use with an external display screen or monitor; apparatus for electronic games other than those adapted for use with an external display screen or monitor; apparatus for electronic games adapted for use with an external display screen or monitor; bags specially adapted for handheld video games and video game consoles; computer and video game joysticks; computer gaming consoles for recreational game playing; fitted plastic films known as skins for covering and protecting electronic game playing apparatus, namely, video game consoles and hand-held video game units; game controllers in the nature of keyboards for computer games; games adapted for use with television receivers; gaming headsets adapted for use in playing video games; hand held joy stick units for playing video games; handheld game consoles; hand-held electronic games adapted for use with television receivers only; hand-held games with liquid crystal displays; hand-held units for playing electronic games for use with external display screen or monitor; video game machines; LCD game machines; player-operated electronic controllers for electronic video game machines; protective carrying cases specially adapted for handheld video games and video game consoles; standalone video game machine; stands for electronic game playing apparatus, namely, video game consoles and hand-held video game units; tabletop units for playing electronic games other than in conjunction with a television or computer; video game interactive hand held remote controls for playing electronic games; controllers for game consoles; arcade video game machines., (35) Marketing, advertising and promotion services; provision of market research and information services; promoting the goods and services of others via computer and communication networks; business and advertising services; facilitating the exchange and sale of services and products of third parties via computer and communication networks; providing online marketplaces for sellers of goods and/or services; providing online facilities for connecting sellers with buyers; business networking; employment and recruiting services; advertising and information distribution services, namely, providing classified advertising space via the internet and communications networks; pre-paid gift

card services, namely, issuing gift card certificates that may be redeemed for goods or services; charitable services, namely, promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; organizing exhibitions and events in the field of software and hardware development for commercial or advertising purposes; association services that promote the interests of professionals and businesses in the field of mobile software application development; online advertising and promoting the goods and services of others via the internet; marketing and advertising consultation services; arranging and conducting special events for commercial, promotional or advertising purposes; advertising via electronic media; organizing, promoting and conducting exhibitions, tradeshow and events for business purposes; online retail store services featuring virtual reality and augmented reality headsets, games, content and digital media; dissemination of advertising for others via the internet and communication networks; promoting the goods and services of others by means of distributing video advertising on the internet and communication networks; advertising services, namely, targeting and optimization of online advertising; business management; business administration, office functions; brand consulting; design of advertising materials for others; providing online business directories featuring the businesses, products and services of others., (38) Photosharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; telecommunication services; providing access to computer, electronic and online databases; telecommunications services, namely, electronic transmission of data, messages, graphics, images, audio, video and information; providing online forums for communication on topics of general interest; providing online communications links which transfer mobile device and internet users to other local and global online locations; facilitating access to third party websites or to other electronic third party content via a universal login; providing online chat rooms, email and instant messaging services, and electronic bulletin boards; audio, text and video broadcasting services over the internet or other communication networks; voice over internet protocol (VOIP) services; telephony communication services; providing access to computer databases in the fields of social networking, social introduction and dating; peer-to-peer photo and data sharing services, namely, electronic transmission of digital photo and video files, graphics and audio content among internet users; telecommunications and peer-to-peer network computer services, namely, electronic transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; telecommunications services, namely, electronic transmission of virtual and augmented reality content and data; providing electronic bulletin boards for transmission of messages among users in the field of general interest; video conferencing services; providing technical support services regarding the usage of communications equipment; providing facilities and equipment for video conferencing; teleconferencing; providing an online community forum for users to share and stream information, audio, video, real-time news, entertainment content, or information, to form virtual communities, and to engage in social networking; electronic exchange of voice, data, audio, video, text and graphics via the internet and telecommunications networks., (41) Entertainment services; photosharing and video sharing services; electronic publishing services; entertainment services, namely, facilitating interactive and multiplayer and single player game services for games played via the internet or communications networks; providing information about video games, electronic or interactive multimedia games via the internet or communications networks; arranging and conducting competitions and facilitating events for players of electronic or interactive multimedia games; providing online resources for software developers; organizing contest and incentive award programs for software developers; publication of educational materials, namely, publishing of books, journals, newsletters, and electronic publications; online journals, namely, blogs; entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content; entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content; providing a computer game for use network-wide by network users; providing online virtual reality games; providing online augmented reality games; providing online mixed reality games; entertainment services, namely, providing online video games; organizing exhibitions and events in the field of interactive entertainment, virtual reality, and augmented reality, consumer electronics and video game entertainment industries for cultural or educational purposes; arranging and conducting educational conferences; organizing exhibitions and events in the field of software development for educational purposes; educational services, namely, organizing and conducting conferences and seminars in the fields of virtual reality, augmented reality, artificial intelligence and the internet of things; providing computer, electronic and online databases in the field of entertainment; rental of photography and/or videography kiosks for capturing, uploading, editing and sharing of pictures and videos; entertainment services, namely, providing online facilities for streaming entertainment content and live streaming video of entertainment events; providing online computer and video games; entertainment services, namely, arranging and conducting of competitions for encouraging use and development of interactive entertainment, virtual reality, augmented reality, consumer electronics, and video game entertainment software and hardware; organizing exhibitions and events for cultural, educational, or

entertainment purposes; production of video and computer game software; virtual reality arcade services; augmented reality arcade services; virtual reality game services provided online from a computer network; augmented reality game services provided online from a computer network; providing online computer games and interactive games; augmented reality video production; virtual reality video production; multimedia production services; entertainment services, namely, providing augmented reality games and interactive entertainment content; entertainment services, namely, providing online virtual reality environments; entertainment services, namely, providing online augmented reality environments; providing entertainment information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information and communication networks; providing information about online computer games and video games via computer or communication networks; arranging and conducting competitions and facilitating events for video gamers and computer game players; organizing exhibitions in the field of interactive entertainment, virtual reality, consumer electronics and video game entertainment industries for cultural or educational purposes arranging and conducting educational conferences organizing exhibitions and events in the field of software development for educational purposes; education services; providing of training; sporting and cultural activities., (42) Design and development of computer hardware and software; computer services, namely, creating virtual communities for registered users to organize groups and events, participate in discussions, get feedback from their peers, and engage in social, business and community networking; computer services, namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via communication networks; computer services in the nature of customized electronic personal and group profiles or webpages featuring user-defined or specified information, including, audio, video, images, text, content, and data; computer services, namely, providing search engines for obtaining data on the internet and communication networks; providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information and to transfer and share such information among multiple online facilities; non-downloadable software for social networking, creating a virtual community, and transmission of audio, video, images, text and data; application service provider (ASP) services; providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; providing information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content via the internet and communication networks; providing non-downloadable software to allow users to perform electronic business transactions via the internet and communications networks; software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts; development of hardware for use in connection with electronic and interactive multimedia games; electronic and interactive multimedia game development services; providing online sites that give users the ability to upload, modify and share virtual reality content, information, experiences and data; providing online sites that give users the ability to upload, modify and share augmented reality content, information, experiences and data; providing online sites that give users the ability to upload, modify and share mixed reality content, information, experiences and data; non-downloadable software for processing electronic payments; platform as a service (PAAS) services featuring computer software to allow users to perform electronic business and e-commerce transaction; providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; software for electronic messaging; non-downloadable computer software for sharing and displaying a user's location, planning activities with other users and making recommendations; application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; non-downloadable computer software for social and destination mapping; application service provider (ASP) featuring software to enable or facilitate social and destination mapping; non-downloadable software for ordering and/or purchasing goods and services; application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; non-downloadable software for creating, managing and accessing user-created and administered private groups within virtual communities; non-downloadable software for providing a virtual marketplace; non-downloadable computer software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; platform as a service (PAAS) featuring software platforms for social networking and transmission of images, audio-visual content, video content and messages; non-downloadable software for streaming multimedia entertainment content; providing personal assistant software; providing social assistant software; design and development of computer game hardware and software; design and development of virtual reality hardware and software; design and development of augmented reality hardware and software; design and development of mixed reality hardware and software; design and development of video game hardware and software; computer services in the nature of providing customized online pages featuring user-defined or specified information, personal

profiles, virtual reality, and augmented reality content and data; software development; design and development of interactive multimedia software; maintenance and repair of computer software; non-downloadable software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; computer services, namely, providing information in the fields of technology and software development via the internet; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer services, namely, cloud hosting provider services; online non-downloadable cloud computing software for use in electronic storage of data; online non-downloadable cloud computing software for virtual, augmented reality applications and environments; file sharing services, namely, providing online facilities for others featuring technology enabling users to upload and download electronic files; hosting of digital content on the internet; scientific and technological services and research and design relating thereto; industrial analysis and research services; computer services, namely, providing remote management of devices via computer networks, wireless networks or the internet; providing software for facilitating and arranging for the financing and distribution of fundraising and donations; providing software for online charitable fundraising services and financial donation services. and (45) Social introduction, networking and dating services; online social networking services; user verification services; identification verification services; business identification verification services.

(511) (1) Americium, fissionable material for nuclear energy, neutron absorbent materials, in particular, boron, cadmium, silver; hydrogen, heavy water, gas purifying preparations / preparations for the purification of gas; distilled water, protective gases for welding, gadolinium, gallium, getter, graphite for industrial purposes, magnesium-calcium-alloys, titanium dioxide for industrial purposes, zirconia, uranium; uranium oxide; uranium dioxide, moderating materials for nuclear reactors, chemical compositions for moderation of neutrons, isotopes for industrial purposes, californium, carbide, catalysts, boric acid for industrial purposes, glue for industrial purposes, silicon, filtering materials of chemical substances, toxic gas neutralizers, uranium nitrate, aluminium oxide, uranium oxide, cobalt oxide for industrial purposes, chemical cleaning agents for industrial purposes, plutonium, surface-active chemical agents, biological preparations, other than for medical or veterinary purposes, plant growth regulating preparations, natural and enriched uranium, uranium compounds, products and salts, in ingots and powders, in particular, fluorhydric acid, uranium oxide, uranium tetrafluoride, uranium hexafluoride, uranium oxide concentrate, anhydrous hydrogen fluoride, radium for scientific purposes, radon, fissionable chemical elements, rare earths, including holmium, dysprosium, europium, ytterbium, yttrium, lanthanum, neodymium, praseodymium, samarium, scandium, terbium, thulium, cerium, erbium; mercury, salts of precious metals for industrial purposes, gold salts, salts from rare earth metals, salts of alkaline metals, fireproofing

preparations, water glass [soluble glass], thallium, fuel for nuclear reactors, carbon, uranium, fertilizers / fertilisers, phosphorus, brazing preparations; metal hardening preparations, soldering chemicals, industrial chemicals, welding chemicals, water-purifying chemicals, chemical products, substances and compositions, in particular, solvents, extractants, complexants, resins, nitric, sulfuric and fluorhydric compounds, soda, ammonium, oxidation and reducing agents, all intended for industrial, scientific purposes in nuclear industry and energy, Chemicals for use in industry and science, including rare earths, vanadium oxide, amorphous quartz, doped silicon, stable and radioactive isotopes, highly purified materials, calcium salts, alkaline-earth metals, radioactive elements for scientific purposes, nuclear fuel elements containing pellets of fissile materials and numerical control machines., (2) Anti-corrosive preparations, protective preparations for metals; paints; dyes; lacquers; fireproof paints; anti-rust preparations; enamels [varnishes]. (4) Combustible briquettes, lubricating oil; lubricants, motor fuel; lighting fuel, electrical energy., (5) Radioactive substances for medical purposes, isotopes for medical purposes, dressings, medical; surgical dressings; biological preparations for medical purposes; radium for medical purposes radioactive pharmaceutical preparations and non-radioactive reagents for producing radiopharmaceuticals for in vivo diagnostic or therapeutic use, radon solid concentrates, diagnostic preparations for medical purposes; medicines for human purposes, substances and preparations for radiology for medical purposes, biological tissue cultures for medical purposes, (6) Closures of metal for containers, aluminium, fittings of metal for compressed air lines, fittings of metal for building, vats of metal, beams of metal/girders of metal, bottles [metal containers] for compressed gas or liquid air, anchors, bolts of metal, eye bolts / screw rings, casks of metal, barrels of metal silos of metal, vanadium, screws of metal, tungsten, gates of metal, sleeves [metal hardware], ferrules of metal for handles, nuts of metal, armored doors of metal / armoured doors of metal, doors of metal, troughs of metal for mixing mortar, buildings of metal, buildings, transportable, of metal, steel buildings, reinforcing materials, of metal, for concrete, reinforcing materials of metal for machine belts reinforcing materials of metal for pipes, reinforcing materials of metal for building, building materials of metal, refractory construction materials of metal, flashing of metal for building, shuttering of metal for concrete, props of metal, loading pallets of metal, handling pallets of metal, soldering wire of metal rods of metal for welding, rods of metal for brazing and welding, rods of metal for brazing, tanks of metal / reservoirs of metal, bindings of metal, titanium, cables of metal, non-electric, wire rope, pipework of metal, penstock pipes of metal, ducts of metal for ventilating and air-conditioning installations, drain pipes of metal, pipes of metal / tubes of metal, pipes in particular reactor fuel channels, steel pipes / steel tubes, Goods of common metals and their alloys not included in other classes, manganese, containers of metal [storage, transport], cables of metal, non-electric; wire rope; wire of common metal, metals in powder form, nickel, common metals, unwrought or semi-wrought; alloys of common metal, flux-cored wire in the form of metal tubes for welding of steel alloys, press moulds, rolled hafnium and its alloys, rolled niobium, rolled zirconium alloys, rolled titanium and its alloys, ores of metal, including uranium ores; niobium-titanium alloys, zirconium alloys, steel alloys tantalum [metal], refractory metals, in particular, beryllium [glucinium] / glucinium [beryllium], vanadium, tungsten, hafnium [celtium], germanium, indium, molybdenum, niobium, titanium, zirconium, chromium, Valves of metal, other than parts of machines., (7) Pumps [machines]; pumps [parts of machines, engines or motors], generators of electricity de-aerators for feedwater, motors, other than for land vehicles / engines, other than for land vehicles valves for nuclear power plants and vessels, pressure valves [parts of machines], machines and equipment for the decommissioning decontamination and deinstallation of nuclear facilities, centrifugal pumps, turbines, other than for land vehicles, turbocompressors, machine tools, metalworking machines, welding machines, electric, welding apparatus, gas-operated, high pressure washers, electrical apparatus for sealing plastics [packaging], electric arc cutting apparatus, electric arc welding apparatus, electric welding apparatus, concrete mixers [machines], bulldozers, valves [parts of machines], valves [parts of machines], vibrators [machines] for industrial use, emergency power generators, alternators, dynamos, current generators, generators of electricity, cylinder heads for engines, soldering blow pipes, gas-operated disintegrators, shredders [machines] for industrial use, diggers [machines], rams [machines], taps [parts of machines, engines or motors], cranes [lifting and hoisting apparatus], roller bridges, mobile cranes, winches, electromechanical machines for chemical industry, crushing machines, waste disposal units, earth moving machines, grinding machines, sifting machines, rammers [machines], waste compacting machines, rinsing machines, filtering machines, mixers [machines], vacuum cleaner bags, pulverisers [machines], drilling machines, saws [machines], chain saws, guns [tools using explosives], hoists, pulleys, cutting blow pipes, gas-operated, industrial robots, dust exhausting installations for cleaning purposes, pneumatic tube conveyors, dust removing installations for cleaning purposes, air suction machines, washing apparatus, elevating apparatus vacuum cleaner hoses, brushes for vacuum cleaners, excavators, shovels, mechanical, cartridges for filtering machines, motors, electric, other than for land vehicles, turbines for use in nuclear industry and energy, centrifuges [machines], torque converters, other than for land vehicles, electric drives, air cushion devices for moving loads, 3D printers, brushes [parts of machines], belts for machines, cowlings [parts of machines], wind turbines., (9) Detectors, remote control apparatus, sound recording apparatus; sound recording carriers; audio- and video-receivers; video recorders; camcorders; sound recording carriers; readers [data processing equipment], computer programs to monitor

and control factory manufacturing processes, electromagnetic coils, optical apparatus and instruments; scales; azimuth instruments; measuring instruments; surveying chains, material testing instruments and machines, magnetic wires; magnets scientific, research, navigation, surveying, optical, weighing, measuring, signalling, detecting, testing apparatus and instruments, all above for use in the construction, operation, maintenance, decommissioning and repair of industrial plants, power stations, nuclear repositories, nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities and waste storage facilities, for use in scientific research, industrial research, research and development of new products for others and material testing; integrated circuits; chips [integrated circuits]; wafers for integrated circuits, semi-conductor devices, computer memory devices; USB flash drives; smart cards [integrated circuit cards], quantum dots, namely, crystalline semi-conductor materials, semi-conductors, silicon semi-conductor wafers, structured semi-conductor wafers, superconducting tapes superconducting wires and cables, superconductors, accumulators, electric, apparatus to monitor and control the radiation environment at the nuclear power plant, apparatus to monitor and control the neutron flux of the nuclear power plant reactor, apparatus to monitor and control the radiological safety at the nuclear power plant, apparatus to monitor, control and record the results of inspection at the nuclear power plant; thermostats, electro-dynamic apparatus for the remote control of signals X-ray apparatus and instruments other than for medical purposes, in particular charged particle linear accelerators for producing high energy x-rays and for x-ray imaging, for use in inspection, materials testing and industrial and security application, radiological apparatus for industrial purposes, monitoring apparatus, other than for medical purposes, battery jars / accumulator jars, batteries, electric; accumulators, electric, galvanic batteries, betatrons, gas testing instruments, generators of short-lived isotopes, piezoelectric sensors, transmitters of electronic signals, measuring apparatus, in particular dosimeters, coaxial cables, fibre optic cables / fiber optic cables, cables, electric, protective helmets, computer keyboards, electronic agendas, electronic book readers, mouse pads, visors for helmets, compact discs [audio-video], compact discs [read-only memory], computers, laptop computers, tablet computers, notebook computers, wearable computers, battery boxes / accumulator boxes, branch boxes [electricity], distribution boxes [electricity], junction boxes [electricity], connectors [electricity], lasers, not for medical purposes, rulers [measuring instruments], square rulers for measuring, slide-rules, mouse [computer peripheral], trackballs [computer peripherals], solderers' helmets, respiratory masks, other than for artificial respiration, materials for electricity mains [wires, cables], monitors [computer hardware], materials and semiproducts for electronics, single crystals knee-pads for workers, headphones, computer software, recorded sheaths for electric cables, identification sheaths for electric wires, computer hardware, life saving apparatus and equipment, shoes for protection against accidents, irradiation and fire, clothing for protection against accidents, irradiation and fire, radio pagers, gloves for protection against X-rays for industrial purposes, stands adapted for laptops, teaching apparatus, time recording apparatus, testing and measuring equipment for use in testing the performance and efficiency of power plant equipment, measuring apparatus, measuring devices, electric, precision measuring apparatus, computer software applications, downloadable, printers for use with computers, wires, electric, conductors, electric, copper wire, insulated, fuse wire, computer programs, recorded, computer game software, downloadable, computer game software, recorded, computer programs, downloadable, computer operating programs, recorded computer screen saver software, recorded or downloadable, record players, processors [central processing units] / central processing units [processors], electronic publications, downloadable distribution consoles [electricity], control panels [electricity], transmitting sets [telecommunication], radios, flowmeters, walkie-talkies, grids for batteries, security surveillance robots, laboratory robots teaching robots, humanoid robots with artificial intelligence, electric sockets, speaking tubes, horns for loudspeakers, hand-held electronic dictionaries, integrated circuit cards [smart cards] / smart cards [integrated circuit cards], spectrograph apparatus, spectrometers, protection devices for personal use against accidents, audiovisual teaching apparatus, charging stations for electric vehicles, radiotelephony sets, television apparatus, cellular phones / mobile telephones / cell phones, cordless telephones, interactive touch screen terminals, step-up transformers, headgear being protective helmets, gauges, particle accelerators, protection devices against X-rays, not for medical purposes, data processing apparatus, battery chargers, chargers for electric batteries, acoustic alarms / sound alarms computer peripheral devices, anti-interference devices [electricity], alarms, fog signals, non-explosive, whistle alarms, animated cartoons, filters for respiratory masks, USB flash drives, signal lanterns, digital photo frames, cases for smartphones, laboratory centrifuges, cyclotrons, sleeves for laptops, covers for personal digital assistants [PDAs], covers for tablet computers, covers for smartphones fire blankets, virtual reality headsets, protective helmets for sports, head guards for sports, lifeboats, switchboards, distribution boards [electricity], screens [photography], workmen's protective face-shields, projection screens, radiology screens for industrial purposes, fluorescent screens, ducts [electricity], galvanic cells, neutron generators based on charged particle accelerators, apparatus and instruments for laboratory scientific research, protective masks; plates for batteries, clothing for protection against accidents and injury for use in work with radioactive materials to prevent injury due to radiation exposure, converters, electric Apparatus for measuring nuclear radiation, radar apparatus; radiation detectors, apparatus and installations for the production of X-rays, not for medical purposes control and monitor system for nuclear power plants, sonars, electric installations for the remote control of industrial operations,

installations for spray coating, installations for controlling thermonuclear fusion, cathodic anti-corrosion apparatus, anti-theft warning apparatus; whistle alarms X-ray apparatus not for medical purposes, scientific, research apparatus and instruments, in particular isotopic targets, targets with raw materials, galvanic cells, equipment for scientific research in the field of nuclear industry and energy, Interfaces for computers; computer programs, computer databases electric batteries, solar batteries, solar panels for the production of electricity., (10) Diagnostic apparatus for medical purposes, high frequency electromagnetic therapy apparatus lasers for medical purposes, low frequency electromagnetic therapy apparatus, magnetic resonance imaging [MRI] apparatus for medical purposes, tomographs for medical purposes, diagnostic apparatus for medical purposes, nuclear spin tomographs for medical purposes, X-ray tubes for medical purposes, X-ray apparatus for medical purposes, Medical apparatus, instruments and equipment, including linear accelerators for radiation treatment of tumors, medical apparatus and instruments, electromagnetic instruments for medical purposes, radiotherapy apparatus, apparatus and installations for the production of X-rays, for medical purposes, protection devices against X-rays, for medical purposes, radiology screens for medical purposes, radiological apparatus for medical purposes, veterinary apparatus and instruments; artificial limbs; orthopedic articles, apparatus and instruments for medical purposes., (11) Air filtering installations, gas scrubbing apparatus; air purifying apparatus and machines; filters for air conditioning; filters for drinking water, nuclear power generators, nuclear power installations, water filtering apparatus, component parts for nuclear reactors, nuclear reactors, light-emitting diodes [LED] lighting apparatus, water purifying apparatus and machines, coils [parts of distilling, heating or cooling installations], evaporators, level controlling valves in tanks, air-conditioning apparatus, refrigerating appliances and installations, steam boilers, other than parts of machines, ice machines and apparatus, cooling appliances and installations, lighting apparatus and installations, sanitary apparatus and installations, pressure water tanks, heat exchangers, other than parts of machines, pipes [parts of sanitary installations], air-conditioning installations, desalination plants, installations for processing nuclear fuel and nuclear moderating material, cooling installations for water, water purification installations, steam generating installations, water distribution installations, ventilation [air-conditioning] installations and apparatus, cooling installations and machines, water supply installations air cooling apparatus, heating elements, Installations for reprocessing nuclear fuel and nuclear moderating material, filters for household or industrial installations including, the removal of nuclear materials, (12) Motors, electric, for land vehicles, Vehicles; water vehicles; air vehicles; electric vehicles; vehicles for locomotion by land, air, water or rail; air cushion vehicles; aircrafts; aeroplanes; armored vehicles, space vehicles, (13) Ammunition; projectiles [weapons], primings [fuses], explosives, firearms, (14) Ingots of precious metals., (16) Graphic prints; graphic representations; blueprints / plans; bookbinding material; teaching materials [except apparatus], office requisites, except furniture; adhesive tape dispensers [office requisites]; correcting fluids [office requisites]; fountain pens; pencils; punches [office requisites]; paper clasps, cardboard; printed matter; albums / scrapbooks, forms, printed, note books, pamphlets, booklets, newsletters, waxed paper, magazines [periodicals], calendars, index cards [stationery], Cards; catalogues, envelopes [stationery], carbon paper, Wrapping paper, stationery, prospectuses, filter paper garbage bags of paper or of plastics, manuals [handbooks] / handbooks [manuals], bags [envelopes, pouches] of paper or plastics, for packaging, Photographs [printed], printing type, Paper., (17) Insulating paints, caulking materials; plastic film, other than for wrapping, sealant compounds for joints; weatherstripping compositions; gaskets / joint packings , junctions, not of metal, for pipes not of metal pipes for uranium mines, plants and centers for the storage, warehousing, isotope separation, processing, reprocessing and recycling of fuels, ores, nuclear materials, uranium, plutonium and nuclear waste, flexible hoses, not of metal, fittings, not of metal, for flexible pipes, pipe gaskets / joint packings for pipes, expansion joint fillers / fillers for expansion joints, non-conducting materials for retaining heat, dielectrics [insulators], fittings, not of metal, for rigid pipes, plastic substances, semi-processed insulating materials, insulating oils., (19) Insulating glass for building, buildings, transportable, not of metal prefabricated and transportable non-metal constructions and non-metal building materials for the reprocessing and recycling of nuclear materials, uranium, plutonium and nuclear waste, water-pipes, not of metal, concrete building elements, cement, concrete, clinker ballast, penstock pipes, not of metal, gutter pipes, not of metal ducts, not of metal, for ventilating and air-conditioning installations linings, not of metal, for building cladding, not of metal, for building paving blocks, not of metal asphalt paving, branching pipes, not of metal shuttering, not of metal, for concrete, props, not of metal, windows, not of metal, grog [fired refractory material] / fireclay, materials for making and coating roads, reinforcing materials, not of metal, for building fireproof cement coatings, Manufactured timber buildings, not of metal, drain traps [valves], not of metal or plastic water-pipe valves, not of metal or plastic, clay ceramic pipes drain pipes, not of metal., (22) Raw fibrous textile, carbon fibers for textile use., (35) Publicity; marketing , sales promotion for others; dissemination of advertising matter; direct mail advertising; radio advertising; television advertising; online advertising on a computer network, advertising, business management and organization consultancy I n the power-generating sector, Commercial lobbying services, business administration and business management consultancy, business administration and office work, business management assistance, business investigations, marketing, business strategy development services, Commercial or industrial management assistance Outsourced administrative management for companies, E conomic

forecasting, import-export agency services; marketing consultancy, marketing plan development, promotional sponsorship of cultural activities in the field of nuclear industry and energy, marketing research, business management and organization consultancy; cost price analysis; financial auditing; computerized file management; book-keeping; market studies; commercial information and advice for consumers in the choice of products and services; professional business consultancy; organization of exhibitions for commercial or advertising purposes; updating and maintenance of data in computer databases; providing business information via a web site; business appraisals; business project management services for construction projects; provision of commercial and business contact information; compilation of statistics; market intelligence services; outsourcing services [business assistance]; Compilation of information into computer databases, business efficiency expert services, personnel management consultancy, business management consultancy, business organization consultancy, business research, business information commercial intermediation services, negotiation and conclusion of commercial transactions for third parties, consultancy regarding public relations communication strategies, consultancy regarding advertising communication strategies, interim business management.

, (36) Financial analysis, financial consultancy, capital investment, financial information, financing services, financial research, financial management, financial management in the spheres of nuclear industry and energy, financial activities related to the acquisition of participation in existing and future financial, commercial, industrial companies, financial examination, analysis, information and management, consultancy relating to the nuclear industry and energy, Arranging finance for construction projects., (37) Repair information, building, installation, repair, and maintenance services for apparatus, equipment and infrastructure in nuclear power plants and energy generation installations, construction of uranium isotopic separation plants, installation and maintenance services of inspection and safety equipment in nuclear power plants and energy generation installations, exploitation of uranium deposits, drilling of wells, reconstruction of machinery for nuclear power stations, nuclear repositories, nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities, waste storage facilities, mines, plants and centers for the storage, processing, reprocessing and recycling of nuclear fuels, ores, nuclear materials, uranium, plutonium, Rebuilding steam generators, turbines, turbo-generators, electric generators, electric machines at the nuclear power plant; Rebuilding of nuclear reactors, water reactors and machines for producing, processing and re-processing of nuclear materials including nuclear fuel, metallic ores, nuclear materials, uranium ores and plutonium, mining extraction, consultancy and information in the field of construction of uranium enrichment plants; installation, repair and maintenance of facilities for uranium enrichment and isotopic separation, information in the field of construction of uranium isotopic separation, information in the field of installation, repair and maintenance of facilities for uranium isotopic separation, building construction supervision, rustproofing, radiation equipment charging and recharging services, quarrying services repair and maintenance of nuclear power plants and provision of related information, pump repair factory construction, including uranium enrichment plants, nuclear power plants and nuclear waste recycling facilities, construction, maintenance, decommissioning and repair of nuclear stations, nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities and waste storage facilities, mines, plants and centers for the storage, processing, reprocessing and recycling of fuels, ores, nuclear materials, uranium, plutonium, installation, maintenance, decommissioning and repair of nuclear reactors and water reactors, nuclear fuel producing facilities installation and commissioning of nuclear power plants, nuclear cogeneration plant, installation and commissioning of radioisotope instruments, heating equipment installation and repair, installation and repair of air-conditioning apparatus, electric appliance installation and repair, installation, setup and maintenance of appliance for scientific purposes, installation, maintenance and repair of radioisotope instruments, radiation apparatus in the spheres of nuclear industry and energy installation, maintenance and repair of apparatus for energy production, installation, maintenance and repair of machines and apparatus for energy distribution and control and provision of related information installation, maintenance and repair of radiological apparatus, rebuilding machines that have been worn or partially destroyed, building sealing / damp-proofing [building], construction information construction consultancy, installation of utilities in construction sites, scaffolding, asphaltting, vehicle washing, laying of cable, pumicing, plumbing, masonry, painting, interior and exterior, underwater repair, repair of power lines, demolition of buildings, pipeline construction and maintenance, warehouse construction and repair, cleaning of buildings [exterior surface], factory construction, machinery installation, maintenance and repair, vehicle cleaning, construction, Burglar alarm installation and repair; fire alarm installation and repair, machinery installation, maintenance and repair, including for nuclear power stations, nuclear repositories, nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities and waste storage facilities installation, maintenance and repair of facilities for uranium enrichment and isotopic separation interference suppression in electrical apparatus, Construction consultancy, including construction plans (scheduled plans) and projects drafting, Mining., (38) Data transmission via Internet, telecommunications routing and junction services, Transmission of electronic mail, information about telecommunication, rental of telecommunication equipment, communications by fibre optic networks, providing telecommunications connections to a global computer network, providing user access to global computer networks, providing access to databases streaming of data, teleconferencing services, radio communications,

satellite transmission, computer aided transmission of messages and images, radio broadcasting, transmission of digital files, communications by cellular phones, communications by computer terminals, telecommunication services, in particular, local and long distance transmission of voice, graphics and information by means of local computer network, internet and intranet networks, and radio, telephone, and telegraphic communication services in areas related to nuclear industry and energy., (39) Unloading cargo, delivery of goods, storage, transportation logistics. Rescue and salvage operations concerning liquidation of nuclear and radiation accidents at nuclear power plants, industrial and other parts of nuclear complex, transportation information, Information in the field of warehouse storage including storage of natural uranium, enriched uranium, depleted uranium, uranium oxide, uranium dioxide, uranium oxide concentrate, uranium hexafluoride, plutonium, fuel for nuclear reactors, isotopes for industrial and medical purposes, centrifuges for uranium isotope separation, equipment for construction of facilities for uranium enrichment, spent nuclear fuel and irradiated heat-generating nuclear reactor assemblies, Information in the field of wrapping of natural uranium, enriched uranium, depleted uranium, uranium oxide, uranium dioxide, uranium oxide concentrate, uranium hexafluoride, plutonium, fuel for nuclear reactors, isotopes for industrial and medical purposes, centrifuges for uranium isotope separation, equipment for construction of facilities for uranium enrichment, spent nuclear fuel and irradiated heat-generating nuclear reactor assemblies, transport of equipment and nuclear fuel for nuclear power plants; hauling;ferry-boat transport; boat transport; Rental of warehouses, car transport, packaging of goods, ice-breaking, freight forwarding, electricity distribution, stevedoring, physical storage of electronically stored data or documents, wrapping of goods, providing driving directions for travel purposes, barge transport, marine transport, railway transport, transport and storage of waste, water supplying, wrapping of goods, including wrapping of natural uranium, enriched uranium, depleted uranium, uranium oxide, uranium dioxide, uranium oxide concentrate, uranium hexafluoride, plutonium, fuel for nuclear reactors, isotopes for industrial and medical purposes, centrifuges for uranium isotope separation, equipment for construction of facilities for uranium enrichment, spent nuclear fuel and irradiated heat-generating nuclear reactor assemblies, transport, storage of goods including storage of natural uranium, enriched uranium, depleted uranium, uranium oxide, uranium dioxide, uranium oxide concentrate, uranium hexafluoride, plutonium, fuel for nuclear reactors, isotopes for industrial and medical purposes, centrifuges for uranium isotope separation, equipment for construction of facilities for uranium enrichment, spent nuclear fuel and irradiated heat-generating nuclear reactor assemblies distribution of energy, information and consultancy services in the field of distribution of energy and electricity, (40) Services for mechanical processing of metals and metal goods, in particular turning, milling, drilling, planing, boring, stamping and grinding works; services for heat treating of metals and metal goods, in particular, tempering, cementation, nitration, softening , air purification, processing of oil, reprocessing of spent nuclear fuel and provision of related information, services for production and processing of fuel and other energy sources, Production of energy on nuclear power plants, services for nuclear fuel production, conversion and processing of nuclear fuel, rental of generators, silver plating, laser scribing, uranium enrichment services, in particular uranium enrichment and mixing; services for processing, reprocessing, isotope separation, utilization and conversion of fuel, ores, nuclear materials, uranium, plutonium and nuclear waste; services for processing of radioactive waste; services for processing of nuclear materials; sorting of waste and recyclable material [transformation], custom assembling of materials for others, recycling of waste and trash, metal treating, waste treatment [transformation], welding services, material treatment information, waste, nuclear waste and spent fuel destruction, incineration and disposal services, nuclear materials disposal services, production of energy, chromium plating, galvanization., (41) Organization of exhibitions for cultural or educational purposes, training and educational services in the nature of classes, workshops, courses at the college and university level, correspondence courses, conducting distance learning instruction at the college and university level, consultations, educational examination services and provision of information in areas relating to nuclear industry and energy, publication of books, vocational retraining; educational examination; teaching / educational services / instruction services, education services, in particular, organization and conducting training classes, on-line classes, seminars, presentations and workshops in the field of nuclear industry and energy, educational services, in particular, conducting seminars and training courses in the field of commercial nuclear electric power installations operation; online publication of electronic books and journals, publication of texts, other than publicity texts, Arranging and conducting of seminars; arranging and conducting of in-person educational forums; arranging and conducting of congresses; arranging and conducting of symposiums; arranging and conducting of conferences, Arranging and conducting of conferences, coaching [training], know-how transfer [training]., (42) Calibration [measuring], chemistry consultancy, Development of computer platforms; engineering; conducting technical project studies in the field of nuclear industry and energy, scientific research; scientific research, including in the sphere of industrial development, pharmaceuticals, apparatus and appliances for medial radiology and veterinary radiology, computer system analysis, chemical analysis, geological surveys, Radiation measuring , engineering design work, engineering in the sphere of nuclear industry and energy, material and product testing, research in the field of environmental protection, consultancy in the field of environmental protection, computer software consultancy, architectural and construction consultancy, scientific laboratory services in the field of nuclear and petrochemical

industries, scientific laboratory service and engineering in the field of nuclear industry and energy, research-and-development activities and consultancy in the field of nuclear physics, thermophysics, corrosion, neutron physical science and technology and neutron scattering, energy, natural resources, including uranium; scientific, technical and engineering, consultancy in the field of nuclear engineering, radiometric equipment, nuclear materials, radioactive materials, radioactive waste, nuclear fuel and nuclear facilities safety monitoring; evaluation of measurements in the field of radioactivity, computer system design, Radiation control, Construction drafting, engineering, consultancy in the field of energy-saving, material testing, energy auditing, surveying, geological prospecting, water analysis, installation of computer software, updating of computer software, monitoring of computer systems to detect breakdowns, monitoring of computer systems for detecting unauthorized access or data breach, monitoring of computer systems by remote access, software as a service [SaaS], maintenance of computer software, digitization of documents [scanning], conversion of data or documents from physical to electronic media, conversion of computer programs and data, other than physical conversion, rental of computer software, computer software design, computer programming, technical writing, duplication of computer programs, outsource service providers in the field of information technology, scientific and technological research in the field of nuclear industry and energy, Technological research, research and development of new products for others, technological consultancy. , (44) Medical services in the field of radiology and nuclear medicine, Medical screening; medical analysis services for diagnostic and treatment purposes provided by medical laboratories.and (45) Inspection of factories for safety purposes, security consultancy, including in the sphere of nuclear industry and production, transportation and distribution of energy, intellectual property consultancy, licensing of intellectual property, Legal watching services; legal document preparation services" legal administration of licences, licensing of computer software [legal services], Monitoring intellectual property rights for legal advisory purposes.
