electronic virtual reality motion simulators; virtual reality headsets; virtual reality game headsets; downloadable virtual reality software for simulation while playing video games; downloadable virtual and augmented reality software for playing video games; downloadable virtual reality software for telecommunications; downloadable virtual reality game software; computer virtual reality game hardware; electronic number generators; electronic number generators in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; downloadable computer operating systems software; recorded computer game programs with sports elements; 3D spectacles; connected bracelets (measuring instruments); downloadable graphics for mobile phones; computer screen saver software, recorded or downloadable; downloadable image files; downloadable music files; encoded magnetic cards; protected encoded identity cards; identity cards with encoded protective features; magnetic encoded identity cards with holograms; photographic and cinematographic apparatus and instruments for use in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; downloadable computer game programs for pocket devices., (38) Telecommunication services; telecommunication services to provide access to games, gambling and content; providing access to databases; providing information in the field of telecommunications; providing user access to global computer networks; providing internet chatrooms; providing internet chatrooms in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; providing online forums; providing online forums in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; providing telecommunications connections to a global computer network; communications by fibre optic networks / communications by fiber optic networks; communications by computer terminals; video-on-demand transmission; transmission of electronic mail; computer aided transmission of messages and images; computer aided transmission of messages and images i in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; transmission of podcasts; transmission of digital files; transmission of digital files in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; message sending; message sending in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; videoconferencing services; electronic bulletin board services (telecommunications services); telecommunications routing and junction services; news agency services; streaming of data; rental of access time to global computer networks; wireless broadcasting; providing access to databases featuring information content of websites and portals as communication services; audio, video and multimedia broadcasting via the Internet and other communication networks; broadcasting services; communication services via computer networks; communication services via computer networks in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; data transmission by electronic means; data transmission services; electronic data transmission, including audiovisual data, via a global computer network or the Internet; electronic communication services; data transmission via electronic communication; data transmission via electronic communication in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; electronic data exchange services; electronic messaging services; electronic messaging services in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; electronic messaging services via computers; electronic messaging services via computers in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; rental of access time to computer databases; video and audio material streaming services on the Internet; electronic transmission and dissemination of data, including information, via computer networks and the Internet; electronic transmission and dissemination of data, including information, via computer networks and the Internet in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; electronic transmission of data, audio, video and multimedia files, including transmission of downloadable files and files transmitted over a global computer network; transmission of

information in real time; transmission (routing) of audio, images and digital signals., (41) Entertainment services; dubbing; language interpretation; providing films, not downloadable, via video-on-demand services; sound engineering services for events; sound engineering services for events in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; organization of shows (impresario services) for entertainment purposes; organization of shows (impresario services) in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; party planning (entertainment); video editing services for events; video editing services for events in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; lighting technician services for events; music composition services; production of shows; film production, other than advertising films; film production, other than advertising films in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; scriptwriting, other than for advertising purposes; scriptwriting, other than for advertising purposes in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; writing of texts; writing of texts in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; presentation of live performances; rental of audio equipment; rental of audio equipment in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; rental of show scenery; rental of show scenery in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; rental of sound recordings; rental of sound recordings in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; publication of texts, other than publicity texts; electronic desktop publishing; providing user reviews for entertainment purposes; providing information in the field of entertainment; providing online videos, not downloadable; providing online electronic publications, not downloadable; practical training (demonstration); training services provided via simulators; games equipment rental; rental of training simulators; providing casino facilities (gambling); game services provided online from a computer network; providing amusement arcade services; gambling services; providing information in the field of gambling; organization of competitions in the field of gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on mastery, skill of the player and other games of chance, by providing the related content live or via television, or online via computer databases, or via the internet, or via portable, mobile, handheld or tablet devices; organization of lotteries, including live or via television, or online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; organization of sports competitions, including live or via television, or online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; layout services, other than for advertising purposes; online gambling services provided via a computer network; virtual reality gaming services provided online from a computer network; providing online and offline gaming services for accepting bets; providing online and offline game services, where the result depends on the mastery, skill of the player; providing online and offline game services for the control of entertainment games, in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for tournaments, competitions, game shows, events; arranging, conducting and presenting, other than for commercial or advertising purposes, of tournaments, competitions, game shows, and other entertainment events live or via television, or online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; organization and conducting presentations of the aforesaid services, other than for commercial or advertising purposes; providing information in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; organization games, gaming entertainments, namely shows, tournaments, competitions and conducting their presentations, other than for commercial or advertising purposes; providing the aforesaid services online via computer databases, or via the Internet, or via portable, mobile, handheld or tablet devices; providing online game services for electronic games provided via the Internet. and (42) Design and development of computer hardware and software; computer system analysis; computer system analysis in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events and for providing access to the related content; graphic arts design; graphic design of promotional materials; off-site data backup; research and development of new products for others; duplication of computer programs; electronic data

storage; electronic monitoring of personally identifying information to detect identity theft via the internet; providing information relating to computer technology and programming via a website; installation of computer software; information technology services provided on an outsourcing basis; computer programming; conversion of computer programs and data, other than physical conversion; computer technology consultancy; Internet security consultancy; data security consultancy; information technology (IT) consultancy; computer software consultancy; computer security consultancy; consultancy in the design and development of computer hardware; website design consultancy; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access; maintenance of computer software; updating of computer software; platform as a service (PaaS); user authentication services using technology for e-commerce transactions; user authentication services using single sign-on technology for online software applications; hosting computer websites; data encryption services; software as a service (SaaS); computer system design; rental of web servers; rental of computer software; industrial design; development of computer platforms; software development in the framework of software publishing; creating and maintaining websites for others; creating and designing website-based indexes of information, for others (information technology services); providing virtual computer systems through cloud computing; server hosting; styling (industrial design); computer system administration of user accounts in computer networks; computer-aided videographic design; computer-aided videographic design in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance, including for arranging tournaments, competitions, game shows, events; development of software in accordance with the individual needs of the client; development of interactive multimedia software; development of software for data conversion and conversion of multimedia content into various protocols; design and development of software for computer games and virtual reality; leasing of computer hardware; software development of Internet platforms; development and design of computer software for video games; testing of computer hardware and software; providing temporary use of online non-downloadable software for access and operation in cloud computing environments; software as a service (SaaS), namely, a web platform that provides software for viewing, detecting, searching, configuring content, managing and exploring content in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance; providing temporary use of non-downloadable computer software for computer games and gambling; providing temporary use of non-downloadable game software; research, development and design of computer software for a computer platform that includes one or more applications that contain functional and graphical elements in the field of gambling, betting, wagering, lotteries, casinos, educational games, games, where the result depends on mastery, skill of the player and other games of chance; application service providers (ASP), namely, hosting computer software applications of others for creating, using, managing, monitoring and supervising online gaming and gambling portals, contests and tournaments, and for managing customer relationships and customer accounts; providing temporary use of non-downloadable software for creating, using, managing, monitoring and supervising on-line gaming, betting and gambling portals, contests and tournaments, and for management of customer relationship and customer accounts.

(740) Madame MARTIN Sylvie Compagnie IBM FRANCE of ZAC MERIDIA, Immeuble The Crown, 21 Avenue Simone Veil F-06200 Nice

(9) Computers; quantum computers; computer hardware and software; computer hardware and software for information technology analysis and data management; computer hardware and software for application development; computer hardware and software for cloud computing; computer hardware and software for cognitive computing; computer hardware and software for artificial intelligence; computer hardware and software for blockchain technology; computer hardware and software for quantum computing and quantum programming; computer hardware, namely, magnetic tape units (data processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact disks (audio-video), optical disks, couplers (data processing), floppy disks, magnetic data media; computer hardware, namely, video screens, scanners (data processing equipment), computer printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; data processing equipment for data and information management; semiconductors; machine-readable electronic data media; magnetic disks; hard disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; computer carrying cases; computer interface boards; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, mouse

(510) pads, radio pagers, joysticks; electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage switches; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electric power supply apparatus; projectors (projection apparatus); remote controllers for computers; inverters, surge protectors and uninterruptible power supplies; point-of-sale terminals (payment terminals); computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video game software; operating system software and programs; software for accessing a global computer network; document management software; database management software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for development and software for design of websites and user manuals, in electronic format, sold as a unit; computer software for controlling the operations and execution of computer systems, programs and computer networks; computer software for connecting disparate computer networks and systems, servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing within an information technology environment; computer systems combining computer hardware and software for use in management and analysis of data and instruction manuals in electronic format sold with these products; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization and consumption metering of computer resources; recorded and downloadable cloud computing software for deploying and managing virtual machines on a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language processing which are capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; software for developing, building and operating blockchain applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on machine-readable electronic data media and relating to computers or computer programs; electronic publications, downloadable; electronic publications on computer media, namely, user manuals, guide books, brochures, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing., (35) Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for third parties; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; business management consulting services and business consulting services; business development service; market study statistic and data analysis; electronic data processing; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for data management; computer data processing services for quantum computing and quantum programming; arranging and conducting trade show exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies regarding computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases; technical support services, namely, troubleshooting computer hardware problems; business management consultancy in the field of information technology; advisory services for companies relating to business organization; organizing and conducting incentive reward programs for companies and professionals in order to promote and reward business performance, productivity and recognition; organizing and conducting incentive reward programs to promote the sale of information technology; offering rewards programs for companies and professionals through the distribution of loyalty points with the aim of promoting and rewarding loyalty; organizing and conducting (promotional) reward programs for customers, companies and professionals; provision of business information via a website., (41) Education; entertainment; training; organization and conducting of conferences, seminars and congresses; organization of exhibitions for cultural or educational purposes; production of radio and television programs; sporting and cultural

activities; educational services, namely organization and conducting of classes, seminars, conferences, webinars and workshops in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; training in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; conducting entertainment exhibitions in the nature of information technology demonstrations; entertainment services, namely, online computer game services; conducting entertainment exhibitions, namely, real-time athletic competitions via a global computer network; conducting entertainment exhibitions, namely, providing demonstrations on web-sites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts, and musical recordings; editing of books and journals; show and film production; conducting of exhibitions for cultural or educational purposes; booking of seats for shows; offering training in the fields of information technology, business management, entrepreneurship and professional development; business training; commercial training in the field of information technology; teaching and training in the field of business, industry and information technologies; organizing and conducting training courses in the fields of business management, entrepreneurship, professional development and information technology; business education and training services, namely, offering business training, business education, entrepreneurship training and professional development programs to independent resellers, independent sales professionals and information technology professionals; educational services, namely, conducting courses, seminars, conferences and workshops in the fields of information technology, business management, entrepreneurship and professional development for information technology professionals, independent sellers and independent sales professionals, as well as distributing training materials in connection therewith; organizing and conducting educational conferences and social entertainment events. and (42) Computer programming; Software as a service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms; software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; computer software and hardware design for the benefit of third parties, and professional advisory services in the field of computers; technical support services, namely, troubleshooting of computer program and software problems; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of systems for interconnection of computers and software, namely, electronic connection of computers and software to each other; computer software and hardware testing services (quality and technical controls); technical project studies in the field of computer hardware and software; computer consulting with respect to computer hardware, namely advice with respect to computer research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technological research, pharmaceutical research, scientific research for medical purposes; information technology consulting; computer system integration services; consulting services in the field of design, selection, implementation and use of computer and software systems for third parties; technical support services, namely, troubleshooting computer program problems; computer system design services for third parties; design of systems for interconnection of computers and computer programs, namely, integration of computer systems and computer networks; computer program and computer hardware testing services, namely testing of software, computers and servers to ensure proper functioning thereof; cloud computing services, namely, integrated computer hardware and network software services for dynamic provisioning, virtualization, and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of software for cloud storage of data; cloud computing hosting provider services; electronic storage of electronic data and data recovery; data security service; computer support services with respect to computer programs provided by computer specialists; design of computer hardware for computer networks; providing information relating to information technology via a website.

(510) (6) Structures of metal for transportation facilities, namely for railways, material lines, air cable railways, magnetic railways, funiculars and cable cars; containers of metal for storage, transport and packaging; metal containers for the storage and transportation of goods; building and construction materials and elements of metal; portable cabins of metal; structures and transportable buildings of metal; railway material of metal; rails of metal; rail fastenings of metal; building materials of metal; wire for ropes; telfer cables; cables, wires and chains, of metal; ironmongery of metal for building; metal hardware; metal clamps; staples for construction use; pipes and tubes of metal; metal pallets; racks [structures] of metal; handling pallets of metal; bindings of metal; cladding panels of metal; tanks of metal; closures of metal for containers; loading pallets of metal; tension links; wire stretchers [tension links]; tension levers of metal; metal sheet, strip and coil; materials of metal for railway construction; loading gauge rods of metal for railway wagons; loading gauge rods of metal for railway wagons; railway material of metal; cabins made of metal; seating platforms of metal; storage sheds of metal; parts and fittings for all the aforesaid goods, as far as these goods are not included in other classes., (7) Transporting machines; transporting machines; conveyors; conveyors and conveyor belts; conveyor rollers; conveying chains; conveyors [machines]; belt pulleys; winches; capstans; starters for motors and engines; linings for brakes [parts of machines]; driving devices for machines; pneumatic controls for machines, motors and engines; hydraulic controls for machines, motors and engines; springs [parts of machines]; bearings [parts of machines]; ball-bearings; couplings for machines; machine coupling and transmission components (except for land vehicles); couplings, other than for land vehicles; cranes [lifting and hoisting apparatus]; roller bridges; holding devices for machine tools; chucks [parts of machines]; electric hoists; hydraulic lifting gear; pneumatic hoists; driving devices for machines; cowlings [parts of machines]; joints [parts of engines]; lifting installations for the transport of persons and goods; lifts for use with vehicles; pneumatically operated lifting jacks [machines]; lifting and hoisting equipment, lifts; service lifts; moving walkways; drives for conveyors; drives for machines, in particular for storage and retrieval units for conveying piece goods; variable speed drives for machines; power transmission belting for machines; drive belts; drive chains; driving motors; lift installations; drives for elevators; lifts for loads, materials and for car parks; torque converters and speed governors for machines, motors and engines; power-operated boat lifts; electrically operated drain cleaning machines; unmanned transport conveyors being machines; palletisation machines; pallet transferring machines; control mechanisms for machines, engines or motors, in particular for storage and retrieval units [machine parts]; transferring machines; parts and fittings for all the aforementioned goods, none of the aforesaid goods included in other classes., (9) Electrical controls; electronic controllers; automatic control apparatus; software; software for monitoring, analysing, controlling and running physical world operations; electric control panels; remote control apparatus; remote controls for motors; monitoring units [electric]; measuring, detecting, monitoring and controlling devices; sensors, detectors and monitoring instruments; remote control apparatus for opening and closing doors; door opening and closing detecting sensors; seat controls; communications equipment; apparatus for transmission of communications; electronic communication installations; computers for autonomous-driving vehicles; computer systems for automated vehicle control; computer programs to operate vehicles; on board electronic systems for automatic braking; autonomous driving control systems for vehicles; vehicle automatic driving control devices; computer programs for use in autonomous control of vehicles; simulators for the steering and control of vehicles; vehicle autonomous driving systems featuring interactive displays; security software; safety, security, protection and signalling devices; security warning apparatus; parts and fittings for all the aforementioned goods, as far as these goods are not included in other classes., (12) Vehicles and conveyances; transport carriages; aerial conveyors; carts; self-driving transport vehicles; driverless transporter vehicles; mine cars; conveying installations [ski lifts]; ski lifts; rail vehicles; funicular railcars; cable car cabins; unmanned conveying vehicles; telfer railways [cable cars]; trains [vehicles]; rail vehicles; unmanned vehicles; remotely operated vehicles; trolleys [vehicles]; trolleys [vehicles]; driverless cars [autonomous cars]; cable transport apparatus and installations; container cars; cars for cable transport installations; vehicle seats; rail vehicles; chassis for railway cars; modular chassis systems for vehicles; couplings for land vehicles; couplings and transmission components for land vehicles; clutch mechanisms for motor cars; trailers [vehicles]; hoods for vehicle engines; chairlifts; gears for vehicles; anti-dazzle devices for vehicles; brake facings; brakes for vehicles; braking systems for vehicles and parts thereof; brake shoes for land vehicles; electronic brakes for vehicles; pallet transfer trucks; bodies for land vehicles; lorries; tipping bodies for lorries; automatically guided [driverless] material handling trucks; pickup truck caps; wheels; motor car windows; shock absorbers for bicycles; vehicle bumpers; springs for vehicle suspension systems; springs for vehicle suspension systems; air springs for vehicle suspension components for cushioning driver's seats and cabs; armrests for automobile seats; head restraints for vehicles; car seat canopies; crankcases for land vehicle components, other than for engines; powertrains, including engines and motors, for land vehicles; turbines for land vehicles; shafts for land vehicles; undercarriages; windshield wipers; railway carriages; railway couplings; vehicle chassis; funiculars; cable transport installations;

autonomous vehicles and transport means, namely transport carriages, aerial conveyors, self-driving transport vehicles, driverless transporter vehicles, mine cars, conveying installations [ski lifts], ski lifts, rail vehicles, funicular railcars, cable car cabins, unmanned conveying vehicles, telfer railways [cable cars], vehicles, trains [vehicles], rail vehicles; travelling trucks; ski lifts; parts and fittings for any of the aforesaid goods, the aforesaid goods not included in other classes., (19) Building and construction materials and elements, not of metal; parts and fittings for the abovementioned goods, none of the aforesaid goods included in other classes., (20) Racks [furniture]; shelving units; racks [furniture]; storage racks; easy-chairs; parts and fittings for the above, none of the aforesaid goods included in other classes., (37) Repair or maintenance of conveyors; vehicle maintenance; overhaul of vehicles; installation of conveyors; maintenance and repair of public transport vehicles; lift and elevator installation, maintenance and repair; maintenance and repair services relating to automatic door equipment; repair or maintenance of railway rolling stock; vehicle maintenance and repair; maintenance and repair of gears; maintenance and repair of chassis parts and bodies for vehicles; installation of parts for vehicles; installation of prefabricated building elements; assembly [installation] of accessories for vehicles; overhaul of machines; machinery maintenance services; renovation of machinery; repair of machines; construction; installation of machinery., (39) Transport; transport; transportation logistics; transport services; forwarding of goods; passenger transport; passenger transport; vehicle transport services; cable-car transport; transportation of freight; storage; storage., (41) Training; provision of training courses; organisation of seminars; organisation of seminars; seminars; arranging and conducting of conferences, congresses and symposiums; tour guide services relating to tourist destinations for cultural, entertainment, sports or educational purposes; tourist entertainment consultancy relating to the strategic orientation of adventure destinations and tourism locations for cultural, entertainment, sports or educational purposes; entertainment services in the nature of creation of tourist master plans for cultural, entertainment, sports or educational purposes; planning of tourist adventure concepts relating to cultural, entertainment, sports or education; entertainment services at family parks for cultural, entertainment, sports or educational purposes; entertainment services relating to tourism destinations for cultural, entertainment, sports or educational purposes; entertainment services in the nature of creation of plans for tourism destinations for cultural, entertainment, sports or educational purposes. and (42) Technical engineering; conducting technical project studies; technical project planning; industrial testing; technical design; technical research; preparation of technical studies; engineering services; engineering consultancy services; engineering research; technological engineering analysis; mechanical engineering; technical project planning in the field of engineering; engineering services for the design of structures; engineering services for the design of machinery; engineering services for the analysis of machinery; provision of research services; software development; technical planning of play areas; technical planning of family parks; engineering project management services; rental of computer hardware and computer software; creation, maintenance and adaptation of software; planning and design services, planning, relating to the following sectors: buildings, building constructions; technical drawing; design, graphic art design, relating to the following sectors: tourist facilities, infrastructure.

(510) (9) Computers; quantum computers; computer hardware and software; computer hardware and software for information technology analysis and data management; computer hardware and software for application development; computer hardware and software for cloud computing; computer hardware and software for cognitive computing; computer hardware and software for artificial intelligence; computer hardware and software for blockchain technology; computer hardware and software for quantum computing and quantum programming; computer hardware, namely, magnetic tape units (data processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact disks (audio-video), optical disks, couplers (data processing), floppy disks, magnetic data media; computer hardware, namely, video screens, scanners (data processing equipment), computer printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; data processing equipment for data and information management; semiconductors; machine-readable electronic data media; magnetic disks; hard disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; computer carrying cases; computer interface boards; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, mouse pads, radio pagers, joysticks; electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage switches; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electric power supply apparatus; projectors (projection apparatus); remote controllers for computers; inverters, surge protectors and uninterruptible power supplies; point-of-sale terminals (payment terminals); computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video game software; operating system software and programs; software for accessing a global computer network; document management software; database management software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for development and software for design of websites and user manuals, in electronic format, sold as a unit; computer software for controlling the operations and execution of computer systems, programs and computer networks; computer software for connecting disparate computer networks and systems, servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing within an information technology environment; computer systems combining computer hardware and software for use in management and analysis of data and instruction manuals in electronic format sold with these products; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization and consumption metering of computer resources; recorded and downloadable cloud-computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language processing which are capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; software for developing, building and operating blockchain applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on machine-readable electronic data media and relating to computers or computer programs; electronic publications, downloadable; electronic publications on computer media, namely, user manuals, guide books, brochures, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing., (35) Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for third parties; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; business management consulting services and business consulting services; business development service; market study statistic and data analysis; electronic data processing; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for data management; computer data

processing services for quantum computing and quantum programming; arranging and conducting trade show exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies regarding computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases; business advice for companies with a view to the use of computer hardware; business management consultancy in the field of information technology; business consulting services; organizing and conducting incentive reward programs for companies and professionals in order to promote and reward company performance, productivity and recognition; organizing and conducting incentive reward programs to promote the sale of information technology; offering reward programs for companies and professionals through the distribution of loyalty points with the aim of promoting and rewarding loyalty; organizing and conducting reward programs for customers, companies and professionals; provision of business information via a website., (41) Education; entertainment; training; organization and conducting of conferences, seminars and congresses; organization of exhibitions for cultural or educational purposes; production of radio and television programs; sporting and cultural activities; educational services, namely organization and conducting of classes, seminars, conferences, webinars and workshops in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; training in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; conducting entertainment exhibitions in the nature of information technology demonstrations; entertainment services, namely, online computer game services; organizing and conducting sporting events, namely, sporting competitions in real time via a global computer network; conducting entertainment exhibitions, namely, providing demonstrations on web-sites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts, and musical recordings; editing of books and journals; show and film production; conducting of exhibitions for cultural or educational purposes; booking of seats for shows; offering training in the fields of information technology, business management, entrepreneurship and professional development; business training; commercial training in the field of information technology; teaching and training in the field of business, industry and information technologies; organizing and conducting training courses in the fields of business management, entrepreneurship, professional development and information technology; business education and training services, namely, offering business training, business education, entrepreneurship training and professional development programs to independent resellers, independent sales professionals and information technology professionals; education services, namely, conducting courses, seminars, conferences and workshops in the fields of information technology, business management, entrepreneurship and professional development for information technology professionals, independent resellers and independent sales professionals, as well as providing training materials in connection therewith; organizing and conducting educational conferences and social entertainment events. and (42) Computer programming; Software as a service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms; software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; designing computer hardware and software on behalf of third parties, and technological advisory services; technical support services, namely, troubleshooting of computer program and software problems; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all intended for commercial interactions on global computer networks; design of systems for interconnection of computers and software, namely, electronic connection of

computers and software to each other; computer software and hardware testing services (quality and technical controls); technical project study in the field of computer hardware and software; computer consulting with respect to computer hardware, namely advice with respect to computer research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technological research, pharmaceutical research, scientific research for medical purposes; information technology consulting; computer system integration services; consulting services in the field of design, selection, implementation and use of computer and software systems for third parties; technical support services, namely, troubleshooting computer program problems; computer system design services for third parties; design of systems for interconnection of computers and computer programs, namely, integration of computer systems and computer networks; computer program and computer hardware testing services, namely testing of software, computers and servers to ensure proper functioning thereof; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of software for cloud storage of data; cloud computing hosting provider services; electronic data storage and data recovery services; data security service; computer support services with respect to computer programs provided by computer specialists; design of computer hardware for computer networks; providing information relating to information technology via a website.
