input filters, in particular for remote control apparatus and installations; socket insulator filters; programming units; programmers for household appliances; cooker control devices; household programmers; power distribution unit; power distribution unit accessories, namely, connecting cable and extension cable; energy distribution unit management software; switched-mode power distribution units; metered power distribution units; smart electric distribution units; remote controlled power distribution units; distribution cabinets, casings, desk

consoles and boards (electricity); medium voltage electric boards; electric push button panels; modular casings (electricity); terminal casing covers (electricity); casings for weak-current and signals; subscriber branch boxes (electricity); subscriber panels (electricity); bearing plates for circuit breakers and/or subscriber meters; casings prefitted with bearing plates for subscriber connection; casings prefitted with a fuse circuit breaker; casings prefitted with trip switches; sheaths for weak-current; sheaths for electric cables; accessories for electric distribution boards, namely, flat bar mounts, flat bars, additional brass bars, divisible cable entry points, cable entry knock-out plates, security locks; parts and component parts for casings, cupboards, bays, electric boards, namely, flush-mounted boxes and trays, fitting templates, chassis, doors, bases, bearing plates, end pieces, plates, gland plates, base plates, separator plates, side panels, cover caps, covers, enclosures for base plates, blanking plates, faceplates, riser pads, riser covers, trunking, rails, bars, cross members, uprights, finishing frames, finishing cones, terminal blocks, terminal block support brackets, terminal covers, modular elements for casings, power supply units, splitters, sockets, switches, connectors, cable sheathings, cable gland plates, wire saddles, fastening parts; pairing spacers for the aforesaid casings; cable gland hoops; electric conductors, including wires, cables, rails and buses; extension cables and cords; connected busbars; reels for electric cables; electric cable sheathing for equippable cabinets; electric cable ducts; ladders for electric cables; trunking, moldings, skirting trunking and columns for conductors and/or electrical equipment; cable guides for electric conductors; cable trays for electric conductors; ducts [electricity]; technical distribution slabs (electricity); cable glands (electricity); electric feedthroughs; cable ferrules; strain-relief cable glands; markers for electric conductors; sleeves for markers for electric conductors; label holders for markers for electric conductors; collars for electric conductors and equipment; terminal blocks; control modules; diode modules; electric control, remote control, radio control, infrared control apparatus, devices and installations, in particular for heating, watering, air conditioning, ventilation, alarm apparatus, roller shutters, blinds, projection screens, televisions, doors, door phones, locks, presence simulation and, in general, all electrically operated apparatus; electric control and management appliances for lighting; electric controls for lighting; ambient lighting management apparatus; apparatus for controlling heating and other functions by telephone; electric roller shutter controls; electric controls for blinds; wind and/or sun sensor sets for apparatus for controlling roller shutters or blinds; remote controls; radio remote controls; remote control casings; auxiliary remote control apparatus; portable remote controls; infrared remote controls; electric or radio bus control units; infrared controllers; transmitters and receivers (remote control); infrared transmitters and receivers; antennas; single-function or multi-function electric control units; electro-mechanical interfaces for control apparatus; switches; electronic switches; push switches; differential switches; time switches; time delay switches; dusk-to-dawn switches; free-release switches; switch disconnectors; fused switch disconnectors; electric current switches; switches with pilots; light switches; light bulbs for light switches; switch-receivers; power switches; key switches and push buttons; key, badge or card switches (including for hotel rooms); switches with a lock; switches for roller shutters; remote controlled switches; connected switches; decorative switch plate covers; source inverters; changeover switches; commutators; medium voltage electric switching apparatus; electric push buttons; label holder push buttons (electricity); push-buttons (electricity); coded keypad control apparatus, including switches and push buttons; electronic two-way switching devices; electronic double two-way switching devices; electronic two-way switching devices and illuminated push buttons; push buttons and turning buttons for electric control and signaling; emergency "punch" cut-off buttons; auxiliary contacts; wire outlets; cable outlets; indicators (electricity); electric indicator lights; indicator lights (signaling) and diffusers for these; beacon lights; label holders (signaling); plugs and sockets (electricity); jack sockets and plugs; RJ45 sockets and plugs; HD15 sockets and plugs; plugs (connectors); plugs and sockets,; connected sockets; electric sockets with USB socket; combined TV and telephone sockets; data sockets; frames and holders for electric sockets; electric tap boxes for construction sites; socket end seals,; television plugs and sockets; plugs and sockets for video; plugs and sockets for radios; telephone plugs and sockets; loudspeaker input and output connectors,; microphone plugs and sockets; computer plugs and sockets; multimedia plugs and sockets; communication plugs and sockets; computer connectors; connector units; connection strips; distribution strips; plugs and sockets for satellite reception and/or communication; plugs and sockets for cable network reception and/or communication; plugs and sockets for receiving frequency modulation; plugs and sockets for connectors; locks for connectors; connector covers; connector sockets; plugs and sockets for optical fibres; optical fiber connectors; optical patch jumper cable; plugs and sockets for signaling, calling and/or alarm apparatus; plugs and sockets for electric control apparatus; central vacuum electric sockets; lightning rod sockets; multi-outlet power strips; industrial plugs and sockets; industrial socket casings; connector sockets; plug-in connectors; attenuators; adapters (electricity); electric plug adaptors for travel; electric converters; patch panels (electric connections); patch cords; electric installation appliance units; flush boxes (electricity); boxes for connecting lighting fixtures such as boxes for sconces or for center points; electric conductors, especially cables, wires, cords, rails and buses; multiplexed electric wiring harnesses; installation and/or distribution profiles for electric conductors and/or apparatus; stand-alone signal units; stand-alone beacon units; apparatus for controlling stand-alone security lighting units and centralizing information from such units; repeaters for remote control of security lighting apparatus; interfaces, connector devices, function cards and auxiliary modules, all for signaling installations and apparatus; casings, cabinets, desk consoles, console cabinets, bays, housings, trays, cassettes and drawers, all specially adapted for holding electric, electronic, optoelectronic and/or computer apparatus or equipment, and/or optical fibers, whether or not prefitted, for surface mounting or flush mounting;

distribution, connection and/or cabling equipment for casings and cabinets (electricity); distribution equipment for modular electric apparatus; patch panels, casings, bays and cabinets for voice-data-image (VDI) applications; patch panels for data centers; smart patch panels; optical fiber patch panels; high-density optical fiber patch panels; remote control apparatus for home or building automation functions, especially via power lines, radio, telephone; remote control apparatus for electric sockets; programming interfaces for electric apparatus; servers for home automation and/or building automation applications, which receive and transmit remote control orders; modems for connecting the aforesaid servers to telecommunications and/or computer networks; alarm apparatus and instruments; modular alarm apparatus; modular apparatus for technical alarms; central units for the management of signaling and/or alarm apparatus; alarm stations; fire safety stations; home automation stations; fire alarm control units; smoke extraction fan controls; sound monitoring apparatus, especially for children's rooms; call boards; electric sound, call and/or alarm signaling apparatus and appliances, including for doors and entrance gates; bell and/or call buttons; bells and chimes (warning, signaling and/or alarm apparatus), including for doors and entrance gates; electric doorbells; transformers [electricity] for ring tones; wireless electronic doorbells; door entry systems; plates for door entry systems; smart door entry systems; access control devices; warning signals for electric networks; warning lights; acoustic [sound] alarms; horns; anti-theft alarms (other than for vehicles); fire alarms; electric warning bells; industrial warning devices; buzzers; sirens; siren casings; sound diffusers for emergency evacuation; luminous signals (signs); rotating lights (signs); flashing lights; strobe lights; flashing and audible lights; holders for the aforesaid lights; signal beacons; intrusion alarm apparatus, especially wired or radio; telephone transmitters and electromechanical relay interfaces (apparatus) therefor; video surveillance systems; indoor cameras for video surveillance systems; outdoor cameras for video surveillance systems; anti-theft alarms; video surveillance systems; video telephones; plates for viewphones; cameras for viewphones; webcams; intercommunication apparatus; intercom plates; intercommunication apparatus, cameras and intercoms for alarm systems; computer hardware and software intended for use in video surveillance; electronic anti-theft device; electric locks; smart locks; apparatus for recording, reproducing, issuing, transmitting, broadcasting, receiving sound and/or images, including: loudspeakers, cabinets for loudspeakers, sound bars, pre-amplifiers, amplifiers, microphones, call microphones, selectors for sound volume adjustment, sound volume attenuators; preset radio station selectors; public address apparatus; music players; electric devices to suppress noise interference; sound and/or image and/or data and/or computer program magnetic, optical, electronic and/or digital recording media; television and/or radio receiving stations, via hertzian wave and/or via satellite; amplifiers for hertzian and/or satellite signals; switches for hertzian and/or satellite signal receivers; electronic switches for video signals; couplers for hertzian and/or satellite signal meetings; hertzian and/or satellite signal distributors; VDI (voice-data-image) distributors; multi-port ethernet repeaters; computer software used for recording, transmitting, displaying or projecting sound, images; projectors; film projectors; overhead projectors; electronic touch screens; screens for photographic, computer or cinematographic projection use; handheld screens as well as related parts and accessories; video screen fabric; pods for cinematographic cameras or projectors; control device for projection screens; locking system for projection screens; fabric coating providing a concealed border around the viewing area of a projection screen; light-absorbing fabric coating sold as a component of video projection screens; support brackets for loudspeakers, supports for audio and video equipment and wall mounts for audio and video equipment; supports adapted for laptops; support brackets for computer hardware; stands for tablet computers; support brackets for computer screens; LCD support frame; television; television antennas; plugs and cables for use with audio and video equipment; multimedia apparatus for receiving, recording, transmitting, amplifying sound; analog apparatus for receiving, recording, transmitting, amplifying sound; digital apparatus for receiving, recording, transmitting, amplifying sound; computer cabinets; liquid crystal displays (LCD screens); adjustable mounting systems, namely, mounting brackets, support brackets, tables and trolleys adapted for liquid crystal displays, plasma displays, cathode ray tube displays, projectors, video cameras; stereoscopic apparatus; thin film transistor liquid crystal display (TFT-LCD) panel; racks for amplifiers; video conferencing apparatus; video and audiovisual system controllers; video and audiovisual systems comprised of electric controllers and computers which provide automated movement tracking which tracks a moving presenter; IP cameras for video capture; thermal imaging cameras; camcorders; video intercoms, audio intercoms; software for videosurveillance cameras; video surveillance cameras; application software for mobile electronic apparatus for displaying videos on mobile apparatus; camera covers, camera housings, camera lenses; control panels for videosurveillance cameras; ground visual display units; video encoders, television decoders, camera servers, motion controllers for cameras, optical motion detectors and trackers for cameras during meetings or presentations; video and audiovisual system controllers, namely, controllers which turn on/off, select audio/video sources or indirectly operate such video cameras, electronic switches, systems, components, cables and peripherals; digital voice signal processor; software for designing, selecting or ordering audio and video equipment accessories, namely, accessories for projectors and flat screens; software for generating or modifying a list of parts for audio and video equipment accessories; audio equipment for cars; fire alarm management apparatus; detectors; infrared detectors; infrared receivers; interfaces between transmitters and receivers; magnetic opening detectors, in particular for garage doors; presence detectors; motion sensors; passage detectors; intruder detectors; proximity sensors; radio frequency detectors; fire and smoke detectors; stand-alone releasing detectors; gas detectors; flood detectors; temperature increase detectors; glass breakage detectors; pre-signal detectors; electro-mechanical interfaces for detectors; photoelectric cells; electric contacts,

especially for doors and gates; electromagnetic suction closures and actuators for fire doors and escape routes; control casings for emergency exits and fire extinguishing systems; electric or electronic striking plates, locks and closures and controls and remote controls therefor, including with keyboard; encoded keypad controls for access control; coded keypads for buildings; prehung door units for electric locking of emergency exits; door closing selectors; cases and readers for access control apparatus; autonomous access control readers and electronic keys therefor; magnetic and/or electronic and/or optical and/or digital keys, cards and badges, especially for access control; badge holders for the aforesaid badges; access control apparatus, namely, identification badge readers; programming keys for electronic keys; building and villa door phones; intercommunication apparatus; video telephones; interphone and telephone exchanges and apparatus; interphone and telephone handsets; electric installation appliances enabling control and management, in particular centralized and programmable, on-site or remote, in particular from a computer or a mobile phone, home automation and/or building automation functions and applications, including the control and management of electric and electronic circuits, lighting, heating, air conditioning, ventilation, automatic sprinkler, shutters, blinds, sunroofs, door phones, breakdown, leak or defect, temperature and fluid consumption level management, control and management of security, alarm, fire detection, lightning protection, surveillance, access control, intruder defense, recording and/or disseminating sound and/or images, intercoms, telephones, televisions, telecommunications and/or computer systems; home automation systems; home automation apparatus; bus interfaces for home automation systems; apparatus for programming and controlling home automation systems; electric opening and closure control apparatus; electric apparatus for controlling opening and closure by powerline communication or radio frequency; apparatus for centralizing electric controls; connection modules for smart apparatus; connection modules for electric controls; interface for controlling electric apparatus; communication gateways (electric apparatus); apparatus, devices and instruments for technical teaching and training in electricity and electronics as well as with respect to the assembly, installation, use and maintenance of electric appliances and installations, including: educational cabled panels, coated with electric circuits, equipment and/or appliances, synoptic boards, simulation apparatus and installations; sets of component parts of electric or electronic apparatus or appliances ready for mounting, for technical teaching and training purposes; teaching, instructional and training software, in particular in the nature of recorded databases, all in the field of electric installation appliances; software to assist in the design and roll out of electric installations, assistance in determining the nature, quality, characteristics and quantities of appliances and materials required for such purposes as well as normative and compliance standards applicable to the same, assistance in drawing up descriptions of the aforesaid appliances and materials, deciphering and reupdating corresponding quotes, ordering the above-mentioned appliances and materials, invoicing, cost-price visualization, sales support, construction site monitoring; electric grid measurement, analysis and monitoring software; software for drawing up electric installation plans; software for taking and managing orders, in particular electric installation appliances, with pricing set at the distributor's pricing rates; software for managing customer files; browsing software for accessing digital information services over computer and telematic networks, for searching and viewing data and information (such as: electronic catalogs and documentation, product notices, certificates of compliance, study software, multimedia presentations, wiring diagrams; software for taking and managing orders with pricing set at the distributor's rate, all in the field of electric installation appliances; software for tracking conductors and components used in the performance of electric equipment, in particular cables and appliances in electrical casings and cabinets; electronic or optical display devices for conductors and components of electrical equipment; software for creating labels for identifying modular electric apparatus and circuits; software for studying distribution boards (electricity), in particular their nomenclature, installation plan, cost price and installation cost; software for autonomous security lighting units, including for positioning and locating them on a plan; servers, software and recorded databases with respect to electrical equipment for installations, in particular modular, and apparatus and installations for controlling and managing home automation functions; electronic keypad printing machines for editing labels; electric or electronic digital plotter tables for marking reference points; electronic publications (downloadable), including electronic letters and newsletters, electronic newspapers, electronic magazines; computers; computer hardware; power supplies for computers; computer cables, cords and extensions; magnetic recording media, sound recording disks; digital recording media; computer peripherals; wireless computer peripherals; computer peripherals, namely, computer printers, computer monitors, integrated circuits, computer mice, computer keyboards, computer memories; microchip (computer hardware); computer program for access or entrance control; wireless router; wide area network (WAN) router; network router; computer interfaces; downloadable software for monitoring and managing Internet protocol (IP) computer networking systems and IP computer network equipment, namely, routers, switches and access points with compatible firmware for remote monitoring and management, on the Internet; data center cabinets; server cabinets; cages for data centers; cabinets for virtual office infrastructure; LAN cabinets; open-frame LAN racks; racks for virtual office infrastructure; measuring and monitoring apparatus for air conditioning in data processing rooms; preconnectorized optical fibers for data centres; access control devices for data centres; cable trays for optical fibers; bus bars for data centres; critical power monitors; KVM cables (namely, screen-keyboard-mouse) over Internet protocol; KVM adapters (namely, screen-keyboard-mouse) over Internet protocol; KVM management software (namely, screen-keyboard-mouse) over Internet protocol; KVM console (namely, screen-keyboard-mouse) over Internet protocol; KVM analog (namely, screen-keyboard-mouse) over internet protocol; KVM

over IP (namely, screen-keyboard-mouse) over internet protocol; secure KVM switch (namely, screen-keyboard-mouse) over internet protocol; automatic transfer switches; rack transfer switches; server bay accessories, namely, cables, plugs; optical fiber patch panels for data centers; cassettes and modules for data center racks; WiFi communication equipment; WiFi switches; WiFi adaptors; WiFi routers; WiFi antennas; WiFi controllers; communication gateways (electronic devices); switches, adapters, PoE (power-over-ethernet) controllers; ethernet switches for industrial automation; audiovisual ethernet switches; network testers; cable testers; cables for multimedia apparatus and instruments; multimedia communication panels; active multimedia components; passive multimedia components; Ethernet switches; interconnection computer hardware, namely, wireless switches, network bridges and network range extenders; computer network routers and wired and wireless communication apparatus, namely, meshrf network routers; wired computer network router; wired communication equipment; wireless computer network router; Wireless communication equipment; optical fiber spreaders; cable gland panels; optical fiber drawers; telephone apparatus; computer telephony hardware; transceivers for communication via electric lines; modems for communication via electric lines; plugs and sockets for communication via electric lines; electric line communication modules; adapters for communication via electric lines; lighting control apparatus; electric couplings for lighting installations; wireless lighting control apparatus; electrified rails for mounting spot lights; electronic bulletin boards; interactive computer kiosks mounted on media, comprised of computers, computer hardware and software for advertising and disseminating information about the products and services of third parties; emergency call apparatus for the elderly or dependent; alarm buttons for elderly or dependent persons; emergency devices sending out an alarm in case of a fall for elderly or dependent persons; mobile emergency call devices for elderly or dependent persons with GPS tracking functionality; electronic trigger sending an alarm to the terminal with positioning and activity functionality; RFID/area ID generator for positioning functionalities; electronic devices reminding the user that a medication must be taken and sending an alarm if it is not taken; electronic nurse call apparatus; voice communication systems (electronic devices) for nursing homes and hospitals; software for voice communication systems for nursing homes and hospitals; retirement home management software; motion detectors with door alarm; door opening sensor; movement sensor for beds or armchairs for elderly or dependent persons; ground sensor; bed sensor; air quality sensors; fire sensors; temperature sensors; heat sensors; gas sensors; flood sensor; wired sensors; wireless sensors; bathroom scales; communication gateway for transmitting radio alarms via IP or serial interfaces; radio range amplifier; two-bidirectional physical input/output to radio gateway; corridor lighting to display a visual alarm or notification; luminous safety signs; signaling lamps; modular covers for hospital bed heads; work clothes for protection against accidents or injuries; downloadable virtual products, namely, virtual equipment and instruments for conducting, distributing, transforming, storing, regulating or controlling electricity authenticated by non-fungible tokens; downloadable virtual products, namely, virtual apparatus for recording, displaying, projecting, transmitting or reproducing sound or images authenticated by non-fungible tokens; downloadable virtual products, namely, medical apparatus and instruments authenticated by non-fungible tokens; downloadable virtual products, namely, virtual lighting apparatus authenticated by non-fungible tokens; electric casing aerators., (10) Medical apparatus and instruments; heart rate monitor; clinical thermometers; blood pressure sensor; enuresis detectors; epilepsy detectors., (11) Apparatus and installations for lighting, heating, refrigerating, ventilating, aerating, air conditioning, water and fluid distribution; air/air exchangers; air conditioners; fans; ceiling fans; air vents; electric lamps and tubes, especially for electrical installation, control, signaling, marking and lighting apparatus and equipment; electric lamps for indicators; electric lamps for warning lights; electric lamps for illuminated label holders; fluorescent tubes for lighting; electric lights for portholes; diffusers for warning lights; incandescent lamps; halogen lamps; lighting portholes; lamps for lighting; safety lamps; electric light bulbs; light bulbs; independent lighting units, including lighting for security, marking and atmospheric purposes; modular emergency lighting units; security lighting plates; beacon lighting plates; strip lights for lighting tubes; lighting fixtures; incandescent and fluorescent lighting fixtures; portable lighting apparatus; portable lamps; portable lamps; flashlights (pocket torches); flashlights; lighting bollards, posts, studs, portholes and boxes; garden lighting posts; spotlights; floodlights; reading lamps; night lights (lighting apparatus); night lights (lighting apparatus); lanterns for lighting; ceiling lights; caps and sockets for electric bulbs, tubes and lamps; ballasts for lighting tubes; protection devices for lighting; ventilation, heating, cooling and lighting apparatus and installations, all for casings, cabinets, bays and housings accommodating electric, electronic and/or computer equipment; air conditioning for data processing rooms; thermal containment for data processing rooms; lighting sheathing and sconces, including hospital bed head sheathing and hospital sconces; lighting modules, in particular for bed head sheathing; water supply and distribution terminals, in particular for outdoor accommodation (camping, caravanning, marinas, yacht harbors); parts and components for all the aforesaid goods, namely: bases, holders, casings, housings, mechanisms, binnacle lights, diffusers, reflectors, enclosure boxes, protective gratings, flush-mounting and suspension parts; speed variators for ventilation installations; luminaires for hospitals; control instruments for luminaires; lighting and reflectors for lighting; decorative covers for lighting; antibacterial lamps; germicidal lamps., (16) Printed matter relating to electric installation appliances as well as in the fields of electric, lighting, electric control, signaling, monitoring, alarm, access control and/or home automation installations; printed guides and manuals for using software with respect to electric installation appliances or intended for electricians and installers of electric equipment; educational materials and media, all for the technical teaching and training of electricity as well as the assembly, installation, use and maintenance of electric

appliances and installations, including: educational folders, writing or drawing books and practical work folders and answer sheets, binders, index cards, transparent slides, handbooks, manuals, mounting and maintenance notices, charts, posters, catalogs, educational panels; printed matter, newspapers, periodicals, magazines, letters and newsletters relating to electric installation appliances as well as in the fields of electric, lighting, electric control, signaling, monitoring, alarm, access control and/or home automation installations; signal labels made of paper and/or cardboard and/or plastic for electric installation appliances and for security lighting or beaconing apparatus; printed index cards made of paper or cardboard for preparing markings for electric conductors or for terminal blocks; binders for the aforesaid plugs; cardboard packaging for electrical appliances; white boards; whiteboard pliers; dry erase writing boards., (17) Insulators; insulating materials; insulators; insulating tapes; insulators, in particular for connections; sealants for electricity; gaskets and seals; insulating rivets made of synthetic materials; insulating supports made of synthetic materials; insulating protective screens; insulating articles for electric cable terminations; insulating housings for electric appliance mechanisms; electrical insulators; cable sleeves; insulating compounds for electricity; insulators for electric mains; insulating mechanisms for electric installation appliances, in particular switches and sockets; insulating materials for electric installation appliance mechanisms, in particular for switch and socket mechanisms; insulating parts and fittings for flush-mounted equipment boxes and/or electric conductors, including: sleeves for thermal insulation, fixing covers for sleeves; adhesive tapes for electric conductors and/or electric installation appliances; flexible pipes not of metal; pipe muffers and couplings, not of metal., (19) Installation and/or distribution profiles for light work construction and interior design, namely: wireways, moldings, rods, wire guides, cable guides, wire covers, skirting trunking, baseboard moldings, cornices, columns, tubes, sheaths, conduits, pipes, pipelines, rigid pipes, floor ducts, cable trays, rails; components of the aforesaid profiles, namely, bodies, lids and partitions; prefabricated construction elements, namely, false floor slabs, false ceiling slabs, manholes; all the aforesaid goods being wholly or principally not of metal, including of synthetic material or polymeric material., (20) Pre-manufacture boxes for flush mounted casings; locks and closures for casing, bay and cabinet doors; hinges for cabinets, bays and casings; casing, cabinet, bay and board fastening parts; mounting brackets for casings; cabinet, bay and casing casters; equipment, junction, branch, support, routing, blocking, laying, assembling, connecting, finishing and fastening parts, all for installation and/or distribution profiles and/or for equipment therefor, namely, boxes, housings, covers, plates, panels, flush-mounted boxes, branch boxes, convector outlets, junction boxes, connection and branch tee and angle pieces, end pieces, connecting part covers, connecting parts for trunking, adapters, frames, support brackets, location or marking holders, support frames, mounting bearing plates, faceplates, internal partitions, access hatches, lugs, blocking pins, clips, staples, joining plates, screws, rivets, bolts, nuts; holding and/or guiding parts for wires or cables in at least one compartment of the aforesaid profiles; markers; pre-cut marker plates; marker holders; holding strips for markers; boxes, casings, cases and refills, all for locating material; installation, fitting, binding, cabling, fastening and/or clamping collars; single-use self-locking cable ties; mounts, dowels, bolts and signaling plates for the aforesaid collars; fasteners; clasps and other fasteners; clips for cables and tubes; dowels; binding screws, not of metal, for cables; collars, hooks and clips for cables or pipelines; signaling plates; screws; bolts; nuts; covers for subscriber boards; all the aforesaid goods made wholly or principally of synthetic materials and in particular of plastic or polymeric materials; wardrobes; bays (furniture); standing desks; racks (furniture); chests (furniture); tablets, in particular for bed head covers; writing tablets, in particular for equipment cabinets; parts and components of furniture, namely cabinets, racks, bays, desk consoles, consoles and casings; doors for casings and cabinets; shelves; shelves for storage; drawers; furniture for television sets; furniture for audiovisual apparatus; plastic clips for cables; furniture for use with audio or video equipment, table for image projectors; computer furniture; mobile furniture for image, sound and computing material; lecterns; desks [furniture]; work benches; console tables (furniture); shelving units; computer trolleys (furniture); display stands; showcases; chairs; storage cabinets with drawers; storage racks (furniture); trestles [furniture]; furniture for household appliances; indoor window blinds [shades]; window blinds, namely roller blinds, pleated blinds and honeycomb shades; venetian blinds; drapery hardware, namely, cross bars, poles, curtain hooks, curtain rods and finials; furniture for computer, audio and video equipment., (21) Dispensers for cleaning products, namely, spray bottles that distribute solutions to clean display screens such as, for example, television screens and monitors., (35) Advertising; dissemination of advertising and promotional material, namely tracts, prospectuses, catalogs, printed matter and samples; publication and dissemination of advertisements and promotional and advertising texts; rental of advertising space; rental of advertising time on all communication media; publication of advertising texts; creating and updating of advertising and commercial documentation and catalogs of goods and services; creating and updating (input and processing) of customer files; selection (promotion) of goods and services (for others); marketing services; demonstration of goods; organizing sales promotion operations and services with a view to developing customer loyalty, all for commercial and/or promotional and/or advertising purposes; advertising by mail order; bill-posting; advertising and promotion by radio, television, data communication, cinematographic means as well as on telecommunications or computer networks; on-line advertising and promotion on a computer network; organization of exhibitions and events for commercial and/or promotional and/or advertising purposes; business and commercial information services; commercial information agencies; assistance to businesses in their commercial strategy; business management assistance; commercial administration; compilation and exploitation of statistical data; statistical information; market research and study; market

surveys; opinion polling; public relations; arranging newspaper and periodical subscription (for others); subscriptions to telecommunication services; office functions; document reproduction; editing of documents; management, compilation and systematization of information into computer databases; computer file management; displaying information from databases; updating databases (data entry) with respect to electrical equipment for installations or intended for electricians and installers of electric appliances or for technical teaching and training purposes; data search in computer files (for others); auction services; auction services via electronic communications networks; inquiries for others in the field of business, commercial administration and company management; providing online marketplaces for buyers and sellers of goods and services; procurement services for third parties [purchasing goods and services for other businesses]; retail or wholesale services for the following products: equipment and instruments for conducting, distributing, processing, storing, regulating or controlling electricity, electric control products, apparatus for recording, displaying, projecting, transmitting or reproducing sound or images, computer products, software, data center equipment products, communications network products, medical apparatus and instruments, lighting products, surveillance, alarm, access control, home automation products, signaling products, dry erase boards, dispensers for cleaning products., (37) Services for the assembly (for third parties), installation, servicing, maintenance and repair of electric installation appliances, electric installations, apparatus, appliances, installations and systems for lighting, electric control, signaling, monitoring, alarms, access control, home automation, building automation and information networks; information, advice and consultancy with respect to the assembly (for third parties), installation, servicing, maintenance and repair of electric installation appliances, electric installations, apparatus, appliances, installations and systems for lighting, electric control, signaling, monitoring, alarms, access control, home automation, building automation and information networks; the aforesaid information, advice and consultancy being consultable or available including online or on telecommunications and/or computer networks; battery replacement; charging of batteries and energy storage devices, and rental of associated equipment; installing electric cable trays; installing door phones and intercoms; installing projection screens; installing a feed rails for a projector; installation, repair and maintenance of computers; installing, monitoring and/or remotely repairing computer network systems and connected apparatus; installing and repairing building automation systems and electric and electronic building apparatus, distributed principally by professional electric service dealers., (38) Telecommunications network services for building and home automation applications, in particular for controlling and managing electric and electronic circuits, lighting, heating, air conditioning, ventilation, shutters, blinds, sunroofs, remote control of electric apparatus for managing breakdowns, leaks or defects, for managing fluid temperature and consumption levels, for controlling and managing security, alarm, fire detection, surveillance, access control, intruder defense, recording and/or disseminating sound and/or images, intercoms, telephony, televisions, telecommunications and/or computer systems; access to web sites and portals and/or telecommunications in the field of electrical equipment for installations, electrical installations, apparatus, devices, installations and systems for lighting, electrical control, signaling, monitoring, alarms, access control, home automation, building automation and information networks; rental of access time to the aforesaid databases and to sites on electronic communications networks relating to electrical equipment for installations., (41) Technical teaching and training in electricity and electronics applied to electric installation appliances; education and training with respect to the assembly, installation, use and maintenance of electrical equipment for installations, electric installation, apparatus, appliances, installations and systems for lighting, electric control, signalling, surveillance, alarms, access control, apparatus for recording, displaying, projecting, transmission or reproduction of sound or images, home automation, building automation, information networks and data center equipment products; training in the use of software in the aforesaid areas; information with respect to technical education and training in the aforesaid fields; publishing, lending and rental of all printed media, recorded audio and audiovisual, interactive or non-interactive, including audio and/or video cassettes and discs, visual and audio-visual optical compact disc, books, newspapers, magazines, electronic newspapers and magazines, periodicals, letters and newsletters, electronic letters and newsletters, publications, electronic publications, brochures, manuals, guides, all relating to electrical installation appliances or intended for electricians and installers of electrical appliances; publishing articles and texts (other than advertising), including by electronic means and online; electronic publication of online works, including letters and newsletters, newspapers, magazines, periodicals; providing non-downloadable electronic publications online; electronic publication of audio and audiovisual documents online; creating, editing and producing sound and audiovisual recordings; digital imaging services; organization of games, competitions, fairs and exhibitions, for educational, training, cultural and/or entertainment purposes; game services provided online (from a telecommunications and/or computer network); all the aforesaid services relating to electrical equipment for installations, electrical installations, apparatus, devices, installations and systems for lighting, electrical control, signaling, monitoring, alarms, access control, home automation, building automation and information networks; the aforesaid services being consultable or available including online or on computer and/or telecommunication networks. and (42) Design, adjustment, installation, maintenance, duplication, hiring out and rental of computer programs, software and databases, in the field of electrical equipment for installations or intended for electricians and installers of electrical equipment or for technical training and teaching purposes; updating of the aforesaid computer programs and software; programming for computers; computer system design; conversion of computer programs and data (other than physical conversion); conversion of data or documents from physical to electronic media; creation and maintenance of

websites for third parties; hosting of computer sites (web sites); electronic data storage; cloud computing; designing network-based indexes of information for third parties (information technology service); engineering, expert assessments, professional advice and consulting, drafting, technical consulting, technical research; all the aforesaid services relating to the field of electric installation appliances, electric installations, apparatus, appliances, installations and systems for lighting, electric control, signaling, surveillance, alarm, access control, home automation, building automation and information networks, apparatus for recording, displaying, projecting, transmitting or reproducing sound or images, data center equipment products; providing technical information with respect to electric installation appliances, electric installations, apparatus, lighting, electric control, signaling, monitoring, alarm, access control and/or home automation appliances and installations; providing technical information with respect to apparatus for recording, displaying, projecting, transmitting or reproducing sound or images, information network products and data center equipment products; designing and configuring computer networks for building and home automation applications, in particular controlling and managing electric and electronic circuits, lighting, heating, air conditioning, ventilation, shutters, blinds, sunroofs, remote control of electric apparatus for managing breakdowns, leaks or defects, for managing fluid temperature and consumption levels, for controlling and managing security, alarm, fire detection, surveillance, access control, intruder defense, recording and/or disseminating sound and/or images, intercoms, telephony, televisions, telecommunications and/or computer systems; monitoring a computer system to detect unauthorized access and data leakage; development of software for the secure operation of networks; remote computer backup service; computer network configuration service; designing and developing wireless computer networks; providing a cloud-based platform for managing emergency call devices and user data; providing cloud-based IoT platform for configuring and monitoring emergency devices; providing a cloud-based platform for real-time and remote monitoring of users' health status; providing a cloud-based platform for managing retirement home management solutions; energy auditing and energy management; energy usage management services; research and development for third parties; designing the shape and appearance of manufactured products (industrial design); providing a non-downloadable software enabling users to design, select or order electrical products, lighting products, medical products, home automation products, communication network products, audio and video products; providing a non-downloadable software enabling users to generate or modify a list of parts for electrical products, lighting products, medical products, home automation products, communication network products, audio and video products; monitoring of computers, related apparatus and computer networks in the cloud on the Internet; remote monitoring of computers, computer networks and connected apparatus via an Internet connection.
