antimicrobial hand-sanitizing preparations; hydrogel for medical purposes; medical adhesive strips for closing wounds or incisions; medical and surgical hemostatic preparations for halting blood flow; medical wound dressings for use in cleansing wounds, exfoliating skin and wounds and removing debris from skin and wounds; dressings for the management of exudate from wounds; medicated skin care preparations; medicated compresses; medical cleansers for skin and wounds; sanitizing wipes and pads; antiseptic preparations; medicated pads impregnated with anti-infective preparations; hydrocolloid dressings; plasters for medical purposes; medical plasters; adhesive plasters for medical purposes; self-adhering foam for use in cushioning orthopedic casts and splints; swabs for medical purposes; medicated swabs; therapeutic medicated bath preparations; medicated bath preparations; bath salts and bath preparations for medical purposes; transparent film dressings; wound care products containing silver, namely, antimicrobial medical and surgical wound and burn dressings; impregnated bandages, surgical bandages, and dressings for skin wounds; wound dressings for negative pressure tissue treatment; anti-microbial wound dressing; bandages impregnated with anti-infective preparations; eye patches for medical purposes; anti-cavity dental coating preparations containing fluoride; bonding and primer materials for dental purposes; material for repairing teeth and for dental crowns and bridges; dental ceramics; material for dental bridges; dental adhesives; adhesives for dentistry and dental technical purposes; dental bite registration materials; duplicating material for dental and dental technical uses, embedding material for dental and dental technical uses; dental sealants; dental composite materials; teeth filling material; dental restoration compounds; etching materials for dental use; fissure sealant for dental and dental technical purposes; material for lining and filling tooth cavities; material for tooth crowns and tooth bridges for dental and dental technical purposes; materials for artificial teeth; plastics for use as modeling material for dental purposes; materials for dental fillings and for sealing purposes; medicated candy, namely, a xylitol sweetened mint; medicated dental rinses; medicated anti-cavity mouth rinses; medicated anti-cavity dental rinses; medicated mouthwash; medicated dentifrices; medicated toothpaste; plastics in the form of paste or powder for the manufacture of tooth crowns, tooth bridges, artificial teeth and plastic prostheses; plastics as modelling material for dental uses, tooth fillers, tooth lacquers; sand-

blasting agents for adhesive restoration and for pretreatment for adhesive attachments for dental and dental technical uses; bonding and primer materials for dental purposes; dental veneers; dental veneers for use in dental restoration; dental resin for temporary bridges, crowns and veneers; orthodontic bonding paste; adhesives for use with orthodontic appliances., (9) Speech recognition software; software for medical transcription, coding and reimbursement; software for creating and maintaining medical, patient and healthcare records; computer hardware for voice transcription; electronic apparatus for testing the sterility of medical equipment; computer hardware and downloadable computer software for use in the healthcare field in connection with reporting, scanning and medical coding of patient medical information; computer hardware and downloadable computer software for use for reporting and clinical documentation of patient medical information; computer hardware and downloadable computer software for creation of clinical documentation of patient medical information in health information systems; downloadable computer software for natural language, speech, speaker, voice and/or voice-print recognition, identification, verification and/or processing for use in the field of medical records and health information management; computer hardware and downloadable software for managing patient medical information; computer software for retrieval, display, and browsing of medical information; computer hardware in the nature of stand-alone voice controlled devices for medical and data transcription; downloadable audio to text transcription computer software used for controlling stand-alone voice controlled devices; wireless communication devices for voice and data transmission; computer hardware and downloadable software used for the control of voice controlled information and communication devices; downloadable voice recognition software; downloadable computer software for medical records management, namely, software for recording and reporting patient medical data for billing, third party payer and regulatory agencies, and for assessing, tracking, and reporting infections; downloadable computer software for natural language, speech, speaker, voice and/or voice-print recognition, identification, verification and/or processing for use in the fields of transcription, healthcare documentation, healthcare records management; computer software and computer software development tools for speech and language recognition; computer software for natural language, speech, speaker, voice and/or voice-print recognition, identification, verification and/or processing for use in the fields of medical records, medical coding, compliance and health information management; downloadable computer software for use in calculating, analyzing, grouping and processing patient information for healthcare billing and government reimbursement; downloadable computer software for use in dentistry to utilize images of teeth and the mouth, and for designing and milling dental restorations, namely, crowns, bridges, inlays, onlays and veneers; downloadable computer software for use in the reporting of and the clinical documentation of patient medical information on portable devices; downloadable computer software for use with stethoscopes and in the field of cardiac and pulmonary auscultation for the display of sounds primarily related to the heart and lung; downloadable computer software for use with stethoscopes for use in the field of medicine for auscultation and the transmission primarily of heart and lung sounds; downloadable computer software, namely, a desktop transcription platform featuring voice capture, integrated speech recognition, interpretation and formatting, editing tools for transcriptionists, and document management and distribution; computer hardware and downloadable software for the delivery of enterprise and internet-based software applications for use in connection with healthcare transcription, dictation, electronic signature and speech recognition solutions; downloadable computer software, namely, integrated software applications designed to organize and integrate medical record information; downloadable software for the delivery of enterprise applications targeting the creation and connection of mission critical healthcare information including transcription, dictation, electronic signature and speech recognition solutions; computer transcription hardware and downloadable computer transcription software for use in the medical field to allow physicians the ability to dictate, self-edit and electronically sign medical reports and documents or send to transcription service for return to electronic inbox upon completion for signature; dictation microphones incorporating a light pen; downloadable computer software and mobile applications using artificial intelligence and speech recognition to assist in the entering of data in health information systems; downloadable mobile application software featuring a database of recorded heart and lung sounds for use as a teaching aid in training auscultation and cardiovascular and pulmonary diagnostics; downloadable mobile application software featuring a database of recorded heart and lung sounds for use by medical personnel in improving the ability to recognize benign and pathological heart sounds and murmurs; downloadable mobile application software for providing continuing professional education and training for medical personnel in the field of auscultation and cardiovascular and pulmonary diagnostics; downloadable mobile applications using speech recognition for use by medical and healthcare professionals for the documentation of patient medical information and electronic health records; downloadable mobile applications for use by medical and healthcare professionals for charge capture, order entry and dictation of e-prescriptions; downloadable software application that enables users to monitor and improve compliance with governmental guidelines and best practices in the use and maintenance of intravenous lines, medical devices for use in connection therewith, and medical dressings for use at infusion catheter and intravenous sites; downloadable software application that enables users to monitor and improve disease infection control, workflows, clinical outcomes and compliance with governmental guidelines and guidelines of professional organizations; downloadable software application that enables users to monitor and improve

best practices in the use, care and maintenance of medical devices, namely, intravenous lines and medical devices for use in connection therewith, medical dressings for use at infusion catheter and intravenous sites, medical tapes and adhesives used for securing medical tubing and devices, medical tubing, and medical apparatus for warming and cooling a patient's body temperature, managing patient hypothermia, warming blood and iv fluids, and monitoring and recording a patient's body temperature; downloadable software application that enables users to monitor and reduce infection rates and intravenous line complications, protect skin from damage, and manage wound sites, conditions that impact skin, the care and maintenance of skin, and blood stream infections; downloadable software application that enables users to monitor, and improve best practices in, sterilization procedures used in the medical field; downloadable software in the nature of a mobile application for providing information to healthcare professionals to assist in the provision of wound care services to patients and to assist in ordering or purchasing products; scanners and related downloadable software for capturing images of the mouth and teeth for use in dentistry; laboratory equipment and supplies, namely, laboratory analysis kit comprising wands for collecting bacteria and pre-measured chemical solutions for preparing standardized inoculums for antimicrobic susceptibility testing in a clinical laboratory, sold as a unit; laboratory equipment, namely solid phase extraction disks, extraction disk cartridges and high density glass beads for use as filter aids; laboratory equipment, namely, membrane filters for liquid; laboratory equipment, namely, membranes, capillary membranes, flat membranes, and porous tubular membranes, and modules containing said membranes for the equipment, namely, liquid concentrators, purifiers, and filters; laboratory filters; filters for use in laboratory equipment; laboratory filters in the nature of membrane filters made of synthetic or regenerated polymers in the shapes of flat films, hollow fibers, tubes and pipes; laboratory filters in the nature of membrane filters in the shapes of hollow fibers, tubes and pipes connected with textile threads; scientific equipment, namely, laboratory filters for osmosis and reverse osmosis, sterilization processes, ultrafiltration, and microfiltration; laboratory equipment, namely, microporous hollow fibers for conducting membrane separations and apparatus containing the same; laboratory equipment and supplies, namely, microporous hollow fibers used in contactors, degassers, filters, concentrators, purifiers, diffusers, and medical laboratory equipment; membranes made of synthetic or regenerated polymers in the form of hollow fibers, tubing, piping and film for laboratory separation processes, and modules equipped with the aforesaid membranes for scientific laboratory purposes, namely, filtration modules, modules for osmosis and reverse osmosis, sterilizers, ultrafiltration modules, debubblers, degassers, mass transfer devices; laboratory equipment, namely, membranes, capillary membranes, flat membranes, and porous tubular membranes; laboratory filter membranes used in microfiltration and ultrafiltration; technical apparatus, namely, filtering membranes for technical or medical separations and transfers; filters for blood and blood components for laboratory use; ophthalmic lenses and ophthalmic prisms., (10) Orthopedic articles; orthopedic inserts for footwear; hosiery for medical, surgical, and orthopedic purposes; stethoscopes; orthopedic and compression bandages and wraps; medical and surgical drapes, sheets and gowns; medical connectors and closures and component parts thereof for use in connection with intravenous (iv) lines and medical fluid management, delivery, extraction and removal; patient warming systems; medical devices for closing wounds; wound drainage apparatus; wound suction apparatus; negative pressure wound therapy systems (term considered too vague by the International Bureau pursuant to Rule 13 (2) (b) of the Regulations); orthodontic brackets and appliances; dental crowns; membranes used in medical devices including blood treatment and dialysis; cases fitted for medical instruments; capillaries made of polymers and arranged in the form of mats for heat exchangers applied in medicine; implant abutments for dental purposes; plastic material for producing, relining and repair of dental prostheses; dental curing lights; dental apparatus, namely, intra-oral light systems; dental devices and apparatus, namely, mixers and dispensers for dental impression material; dental instruments, namely, mandrels, burs, discs, cups, wheels, points, brushes, and abrasive strips, used to grind, polish or finish dental restorations; dental instruments, namely, custom dental matrices for use with dental restoratives and dental composite materials; dental instruments, namely, dental prophylaxis angles and dental prophylaxis cups, for use in cleaning teeth and dental hygiene procedures; dental instruments, namely, disposable prophy angles; dental syringes; dental apparatus, namely, dispensing guns specially adapted for dental purposes for use in dispensing dental restorative material; finishing and polishing discs for dental use; dental instruments, namely, scissors, crimping pliers, contouring pliers and impression trays; applicators and dispensers for dental primers, cements, adhesives, impression materials and restorative materials; glass-fiber posts used in dental restorative procedures; dental prophylaxis angles and dental prophylaxis cups for use in cleaning teeth and dental hygiene procedures; dental instruments, namely, preparation dental instruments for mixing, dispensation and application of dental impression materials, bite checking materials; dental filling and bonding material contained in disposable applicators; cutting and grinding discs for dental applications; orthodontic appliances, namely, pliers, braces, lugs, wires, pins and brackets; orthodontic buccal tubes; orthodontic rubber bands; wound suction apparatus, wound drainage apparatus, and parts and fittings therefor; disposable negative pressure wound therapy device in the nature of a subatmospheric pressure source and related tubing, all for use with wound interface drainage receptacles, and all for promoting wound healing; eartips for stethoscopes; stethoscopes and parts and fittings therefor; electronic noise reducer sold as an integral component of stethoscopes for enhancing auditory capabilities for

auscultation; medical instrument consisting of a wireless electronic transceiver for use in conjunction with electronic stethoscopes for the recording and display of heart sounds and other physiological acoustic signals; elastic bandages; casting tape for orthopedic purposes; orthopedic splints; reinforcing strips, composite fabrics containing fiberglass and resins for use in making casts; support bandages; therapeutic compression wraps; padding for orthopedic casts; orthopedic casting tools; surgical sterile sheets; medical isolation gowns; protective barriers in the nature of medical drapes; medical electrodes; cardiac electrodes; electrodes for external defibrillators; medical electrodes with or without chemical conductors and wet gels for use in cardiac, electrocardiograph, electroencephalograph and other types of patient monitoring; medical leads and connectors for use with medical electrodes; defibrillation pads; electrosurgical pads, plates and adapters to remove rf current from a patient's body during electrosurgery; padding for use between medical equipment and patients or for elevating or positioning limbs; pouches for holding surgical and medical instruments; surgical compresses; surgical wraps; medical table sheets for examining tables and operating tables; thermometers for medical use; therapeutic hot and cold therapy packs; surgical skin staplers; drainage tubes for medical purposes; receptacles for collecting wound drainage; medical and surgical apparatus for tissue transplantation; electronic temperature monitors for medical use; blankets for medical purposes; medical apparatus for human and veterinary use for warming and cooling a patient's body temperature, comprising an air convective device, a hose, a gown or blanket, sensors, controls, and parts and fittings therefor; medical apparatus for intravenous administration of fluids, namely, fluid warmers; medical apparel in the nature of lab coats for use in medical examination and treatment; medical device control system, namely, a system comprised of microprocessor controlled pumps, wound dressings and connecting tubing for providing alternating negative pressure to promote tissue granulation and decompression, flap and graft survival, and to remove infectious materials; electronic medical appliances for wound healing; medical device control systems comprised of medical therapeutic pumps and medical connection tubing for controlled delivery of therapeutic pressure to wound healing devices; medical fluid injectors; medical devices for managing fluids; medical devices for fluid delivery, extraction and removal; medical instruments, namely, hemostats that clamp blood vessels to diminish or halt blood flow; vacuum pumps for medical purposes; medical devices, namely pump units for promoting wound healing, receptacles for collecting wound drainage, and parts and accessories for the foregoing; medical devices, namely, medical connectors and component parts thereof for use with products for transferring fluids; plastic closures for use in covering fluid connectors and ends on fluid transportation lines and ports; medical devices, namely, tamper-evident devices for use in connection with intravenous (iv) lines; wound therapy system comprised of wound treatment apparatus, wound dressings, valves, tubes and straps with holsters; accessory for wound treatment apparatus, namely, strap and holster used to secure apparatus to patient; medical equipment, namely, membranes made of polymers in the form of hollow fibers for separation processes for use in medical apparatus for blood treatment, dialysis, hemodiafiltration, hemofiltration, endotoxin filtration; medical equipment, namely, membranes, capillary membranes and flat membranes, and modules containing said membranes for medical equipment, namely, hemoconcentration apparatus, hemodialysis apparatus, hemodiafiltration apparatus, plasmapheresis apparatus, oxygenators, and plasma fractionation; hypodermic needles; filters for medical purposes, namely, blood filters; hemodialysis apparatus; membranes for blood filtration, hemodialysis, hemofiltration, hemodiafiltration, and oxygenation; membranes for use in medical apparatus made of synthetic or regenerated polymers in the form of capillaries, tubing, piping, and film for hemodialysis, hemofiltration, hemodiafiltration, endotoxin filtration, plasmapheresis, hemoconcentration; membranes for use in medical apparatus made of synthetic or regenerated polymers in form of films, hollow fibers, tubings and pipings for separation processes, as well as bundles or fabrics of the aforesaid hollow fibers, tubings and pipings in combination with textile threads all for use in hemodialysis, hemofiltration, hemodiafiltration, endotoxin filtration, plasmapheresis, hemoconcentration; capillaries of hollow fibers or tubes made of polymers and arranged in the form of mats for heat exchangers applied in medicine; membranes made of polymers in the form of hollow fibers for separation processes for use in medical apparatus for blood treatment, namely, dialysis filters, hemodiafilters, hemofilters, endotoxin filters, plasmapheresis filters, blood oxygenators, microfiltration, ultrafiltration, air filtration for medical ventilators; membranes made of synthetic or regenerated polymers in the form of hollow fibers, tubing, piping and film for separation processes, and modules equipped with the aforesaid membranes for use in medical apparatus, namely, dialysis and plasmapheresis filters in the nature of hemodialysers, hemofiltration, hemofiltration modules, hemodiafiltration, hemodiafiltration modules, endotoxin filtration modules, plasmapheresis modules, and hemoconcentration modules; membranes in the nature of hollow fibers for medical therapeutic purposes; membranes in the nature of hollow fibers for medical therapeutic purposes, sold empty, for use in for blood filtration, hemodialysis, hemofiltration, hemodiafiltration, and oxygenation; negative pressure wound therapy device in the nature of a subatmospheric pressure source and related tubing, all for use with wound interface drainage receptacles, and all for promoting wound healing; orthopedic apparatus and instruments for diagnostic and therapeutic use; orthopedic, orthotic, chiropody, foot care and veterinary apparatus and instruments, namely, orthopedic cushions and padding, orthopedic padding for the treatment and prevention of oedema or scarring, orthopedic padding for use in combination with casts or with prosthetics, medical and surgical gloves; orthopedic

cushions and padding, namely, pressure relieving cushions, pressure relieving pads, pressure redistributing pads, protective apparatus against the hardening, ulceration or inflammation of areas of skin, cushions for care of the feet; orthopedic articles, namely, orthopedic insoles, disposable orthopedic insoles; instruments and apparatus for placing bandages, namely, slings; apparatus for the fixing of fingers and toes, namely, splints; elastic bandages for joints; elastic bandages, namely, elastic gaiters; medical braces for knees, namely, elastic knee-joints; orthopedic support bandages; subatmospheric wound therapy device for use at home, which utilizes negative pressure to promote tissue granulation and decompression, flap and graft survival, and to remove infectious materials; surgical staple removers; surgical sponges; surgical staplers; wearable medical devices for protecting against the hardening, ulceration or inflammation of areas of skin; medical device control systems, namely, systems comprised of microprocessor-controlled pumps, wound dressings and connecting tubing for controlled delivery of therapeutic pressure to tissue; medical devices, namely, plastic closures for use in covering fluid connectors and ends on fluid transportation lines and ports; surgical masks; disposable surgical masks; reusable surgical masks; sanitary masks for medical purposes; protective masks for medical purposes; sanitary masks for medical wellness purposes; masks for use by medical personnel; protective face masks for medical use; face masks for use by health care providers; personal protective equipment (ppe), namely, masks for use by medical personnel; respirators for filtering air for medical purposes; sanitary masks; medical testing apparatus for analyzing sterilization indicators., (11) Water filtering apparatus; liquid filtration and purification units and parts and accessories therefor; filters for high purity filtration for use in commercial, industrial and bioprocessing industries; autoclaves for medical use; membranes for use in filtration and purification in the medical industry; filter membranes used in microfiltration and ultrafiltration; membrane filters for water filtering apparatus; apparatus and instruments for use in the sterilization of liquids and gases used in the medical industry; fibrous filtering media for general industrial use in the purification of air and industrial fluids; filtering for cleaning and purifying air, gases, and liquids, namely, a membrane contactor comprised of microporous hollow fibers for conducting membrane separation and transferring dissolved gases to or from a fluid stream in the nature of liquid filters; water filtration and purification units and replacement cartridges and filters therefor; apparatus for the separation of liquids being water filtering apparatus; filter cartridge for the filtration of liquids; filtering devices, namely, filters, filter cartridges, filter media and filter housings for the removal of impurities from fluids and other filterable substances; fluid filtering cartridges for general domestic and industrial use; filtering devices, namely, filters, filter cartridges, filter media, filter housings, membranes, filter discs and parts thereof for fluid filtration for domestic and commercial use; water softening and conditioning units; reverse osmosis water purification units and flow restrictors for reverse osmosis water purification systems; fibrous filtering media for general domestic and industrial use in the purification of air and fluids; non-electrical water purification units; air filter material and air filters for industrial and domestic use in furnaces, air conditioners, room air cleaners, home and building hvac air ventilation and cleaning equipment, air cleaning and purification units, and other domestic, industrial and commercial uses and installations; filtering devices, namely, filters, filter media, filter cartridges, and filter housings and parts thereof, all for use in the filtration of liquids and gases; water purifying units, for potable water for commercial or industrial use; filters and filter cartridges sold as components of liquid purification units for filtering coatings, liquids for machinery and engines, and liquids used in the electronics industries; filters for high purity water and liquid filtration for commercial and industrial use, namely membrane filters for filtering liquids; filters for industrial use in water filtration, water purification and liquid filtration namely, membrane filters for filtering liquids; filters, filter housings, filter media, filter cartridges, and associated hardware, employed in the filtration of goods by the electrokinetic capture and adsorption of contaminate particles from fluids; filtration capsule for use in the clarification, purification, and separation of liquids, namely, aqueous or semiaqueous compounds; mechanical liquid straining and filtering cartridges, and parts thereof; water filtration and purification units and replacement cartridges and filters therefor; water filtering units for domestic, commercial, and industrial use; water filters and components thereof, namely, filter cartridges for reduction of hard water, acid water, iron, lead, dirt, rust and sediment from drinking water supplies, from hot water systems, and from household appliances and humidifiers, for domestic and industrial use; water filtration systems comprised of a filter cartridge, tubing, connectors and brackets; water filters; water filter cartridges; air purifiers; sterilization units for medical purposes., (35) Medical transcription services; medical coding services; medical scribing services; consulting services in the field of medical coding; online retail store services; consulting services in the field of patient medical records coding; consulting services related to medical coding, compliance and health information management, namely, on-site manual coding, customized training seminars and specialized coding/operational assessments; medical transcription and medical documentation business management solution services used by health care providers to improve documentation workflow and healthcare records management in the field of physician documentation, integrating dictation, transcription, speech or language recognition, medical coding, and delivery and retrieval of health related reports, allowing doctors to spend more time during physician-patient encounters, medical exams, and evaluations; medical coding services in the nature of assigning predetermined codes for medical diagnoses and procedures, and improving and auditing medical coding; outsource service provider in the field of medical coding;

outsource service provider in the field of professional and technical coding for ambulatory medical and surgical providers for purposes of offering clinical documentation improvement services, improved productivity and efficiency, staffing coverage, guaranteed turnaround times and appropriate revenue capture; consulting services in the field of professional and technical coding for ambulatory medical and surgical providers; physical and on-line retail store services featuring toiletries, therapeutic devices, surgical, medical, orthopedic, orthotic, chiropodial, podiatric, foot care related, and veterinary apparatus and instruments, wound care preparations and instruments, dressings, medicated products and preparations, and preparations for the care of the skin, feet and body., (41) Medical, healthcare, dental and orthodontic education services; continuing education services, namely, providing online continuing professional education and training seminars and courses in the field of auscultation and cardiovascular diagnostics for medical personnel; educational services related to medical coding, compliance and health information management, namely, on-site manual coding, customized training seminars and specialized coding/operational assessments; educational services, namely, providing live and online classes, non-downloadable webinars, seminars, and workshops to medical and healthcare professionals and facilities regarding compliance with governmental guidelines and guidelines of professional organizations, disease infection control, workflow and process improvement, and management and improvement of clinical outcomes, and distribution of educational materials in connection therewith; educational services, namely, providing live and online classes, non-downloadable webinars, seminars, and workshops to medical and healthcare professionals and facilities regarding best practices in the use, care and maintenance of medical devices, namely, intravenous lines and medical devices for use in connection therewith, medical dressings for use at infusion catheter and intravenous sites, medical tapes and adhesives used for securing medical tubing and devices, medical tubing, and medical apparatus for warming and cooling a patient's body temperature, managing patient hypothermia, warming blood and iv fluids, and monitoring and recording a patient's body temperature, and distribution of educational materials in connection therewith; educational services, namely, providing live and online classes, non-downloadable webinars, seminars, and workshops to medical and healthcare professionals and facilities regarding reducing infection rates and intravenous line complications, protecting skin from damage, and managing wound sites, conditions that impact skin, the care and maintenance of skin, and blood stream infections, and distribution of educational materials in connection therewith; educational services, namely, providing live and online classes, non-downloadable webinars, seminars, and workshops to medical and healthcare professionals and facilities regarding monitoring, and improving best practices in, sterilization procedures used in the medical field, and distribution of educational materials in connection therewith; educational services, namely, providing live and online classes, seminars, workshops and learning tools to medical and healthcare professionals and facilities regarding compliance with governmental guidelines and best practices in the use, care and maintenance of intravenous lines, reducing infection rates and intravenous line complications, and protecting skin from damage, and regarding the proper usage of medical devices, namely, intravenous lines, medical devices for use in connection therewith, and medical dressings for use at infusion catheter and intravenous sites; educational services, namely, training in the use of computer software for voice recognition and medical records., (42) Consulting services related to medical software; research and design for medical purposes; software as a service (SaaS) for speech recognition, medical transcription, coding and reimbursement; software as a service (SaaS) for creating and maintaining medical, patient and healthcare records; design of water treatment systems for others; consultation and testing services in the field of water treatment; computer software consultation; technical support services, namely, troubleshooting of computer software problems; computer software design; design of commercial water treatment systems for others; providing on-line non-downloadable software that enables users to monitor and improve compliance with governmental guidelines and best practices in the use and maintenance of intravenous lines, medical devices for use in connection therewith, and medical dressings for use at infusion catheter and intravenous sites via a website; providing on-line non-downloadable software that enables users to monitor and improve disease infection control, workflows, clinical outcomes and compliance with governmental guidelines and guidelines of professional organization via a website; providing on-line non-downloadable software that enables users to monitor and improve best practices in the use, care and maintenance of medical devices, namely, intravenous lines, medical devices for use in connection therewith, medical dressings for use at infusion catheter and intravenous sites, medical tapes and adhesives used for securing medical tubing and devices, medical tubing, and medical apparatus for warming and cooling a patient's body temperature, managing patient hypothermia, warming blood and iv fluids, and monitoring and recording a patient's body temperature; providing on-line non-downloadable software that enables users to monitor and reduce infection rates and intravenous line complications, protect skin from damage, and manage wound sites, conditions that impact skin, the care and maintenance of skin, and blood stream infections via a website; providing on-line non-downloadable software that enables users to monitor, and improve best practices in, sterilization procedures used in the medical field via a website; providing consulting services in the field of hospital inpatient classification for payment reimbursement purposes and providing patient profiles for hospitals; providing on-line, non-downloadable software for use in extracting patient clinic notes and medical records and translating language for assigning diagnostic and treatment codes, and for

comparing accuracy with other coding inputs, for use primarily in medical reimbursement; providing online, non-downloadable, internet-based software using speech recognition for use by medical healthcare professionals for the documentation of patient medical information and electronic health records; providing online, non-downloadable, internet-based software for use by medical and healthcare professionals for charge capture, order entry and dictation of e-prescription; providing remote diagnosis and monitoring of dictation and transcription systems to identify malfunctions and defects and ensure proper functioning; providing temporary use of non-downloadable cloud-based software for artificial intelligence virtual assistance for use in the healthcare field in the clinical documentation of patient medical information in health information systems and in the management of clinical documentation improvement (CDI) processes; providing temporary use of non-downloadable software for use in extracting medical records and translating language for assigning codes primarily for medical reimbursement; providing temporary use of online non-downloadable software featuring a database of recorded heart sounds for use as a teaching aid in training auscultation and cardiovascular diagnostics; providing temporary use of online non-downloadable software featuring a database of recorded heart sounds for use by medical personnel in improving the ability to recognize benign and pathological heart sounds and murmurs; providing temporary use of online non-downloadable software featuring continuing professional education and training seminars and courses for use by medical personnel in the field of auscultation and cardiovascular diagnostics; reviewing medical documents and assigning medical, billing, insurance, and administrative codes thereto; providing temporary use of non-downloadable software that identifies patterns of language in medical documents in order to organize, manipulate, and codify such documents; software as a service (SaaS), namely, services featuring software for providing medical, health, and wellness information accessible through mobile applications; software as a service (SaaS), namely, services featuring software for providing medical, health, and wellness information accessible through remote connectivity module equipped devices; software as a service (SaaS), namely, software to assist in ordering or purchasing products. and (44) Therapeutic wound care services; monitoring and remote monitoring of individuals or groups for medical treatment; medical, orthodontic and dental consultation services; medical consulting services in the fields of disease infection control, intravenous line care and maintenance, and skin protection; consulting services provided to medical and healthcare professionals and healthcare facilities regarding compliance with governmental guidelines and best practices in the use, care and maintenance of intravenous lines, reducing infection rates and intravenous line complications, and protecting skin from damage, and regarding the proper usage of medical devices, namely, intravenous lines, medical devices for use in connection therewith, and medical dressings for use at infusion catheter and intravenous sites; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding compliance with governmental guidelines and guidelines of professional organizations, disease infection control, workflow and process improvement, and management and improvement of clinical outcomes; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding best practices in the use, care and maintenance of medical devices, namely, intravenous lines, medical devices for use in connection therewith, medical dressings for use at infusion catheter and intravenous sites, medical tapes and adhesives used for securing medical tubing and devices, medical tubing and medical apparatus for warming and cooling a patient's body temperature, managing patient hypothermia, warming blood and IV fluids, and monitoring and recording a patient's body temperature; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding reducing infection rates and intravenous line complications, protecting skin from damage, and managing wound sites, conditions that impact skin, the care and maintenance of skin, and blood stream infections; medical consulting services provided to medical and healthcare professionals and healthcare facilities regarding monitoring, and improving best practices in, sterilization procedures used in the medical field; medical services, namely, providing information related to advanced wound care, negative pressure wound therapy, and therapeutic support systems; monitoring, tracking, and reporting medical conditions, medical data, and medical records, namely, medical diagnostic testing, monitoring and reporting services in the nature of remote monitoring of data indicative of the health or condition of an individual or group of individuals for medical diagnosis and treatment purposes; medical diagnostic monitoring and reporting services, namely, monitoring and reporting the medical condition of individuals; therapeutic healthcare services, particularly the automated alternating application of negative pressure wound therapy and controlled delivery of topical solutions to a wound site; tissue therapy and tissue therapy control services, namely, the provision of reduced pressure tissue treatment using therapeutic devices with wound site feedback control systems for optimizing control of the therapy.

recording devices for sound and image carriers; DVD recorders; DVD drives; DVD players; docking stations for MP3 players; docking stations for smartphones; audio- and video-receivers; electric cables for the transmission of sounds and images; docking stations for digital music players; USB flash drives; USB cables; USB card readers; hard discs; smoke alarm testers; electronic testing apparatus for use in the field of telecommunications; measuring apparatus; bevels [hand-operated tools]., (11) Fans [air-conditioning]; mobile air conditioning apparatus; air conditioning apparatus for ships; residential air conditioning units; window air conditioning apparatus; air conditioning for data processing rooms; air conditioning for use in transportation; air conditioners for vehicles; hoods for air conditioning apparatus; domestic air conditioning installations; combined heating and air conditioning apparatus; window-mounted air conditioning units; filters for use with apparatus for air conditioning; humidification apparatus for use with air conditioning apparatus; air conditioning installations; electric air conditioners; valves for air conditioners; air conditioning installations for household purposes; air conditioning apparatus for commercial use; fans [parts of air-conditioning installations]; impellers [parts of air conditioning apparatus]; HVAC systems (heating, ventilation and air conditioning); ventilating fans; electrically powered fans for ventilation purposes; hand drying apparatus incorporating fans; fans for exhaust extractors; ventilating fans for use in vehicles; portable electric fans; fans for gas extractors; fans for fume extractors; ventilators for heat exchangers; hair dryers; ventilating fans for household use; motorised fans for air conditioning; motorised fans for ventilation; dehumidifiers; humidifiers; electric humidifiers; humidifiers for central heating radiators; humidifiers [for household purposes]; humidifiers for musical instruments; air humidifiers [water containers for central heating radiators]; air purifiers; air filters; air reheaters; air dryers; apparatus for ventilating; flues and installations for conveying exhaust gases; lighting and lighting reflectors; burners, boilers and heaters; sun tanning appliances; air and water filters for industrial and household use; heating, ventilating, and air conditioning and purification equipment (ambient); industrial water treatment installations, industrial air treatment installations;

nuclear installations; food and beverage cooking, heating, cooling and treatment equipment; refrigerating and freezing equipment; personal heating and drying implements; regulating and safety accessories for water and gas installations; sanitary installations, water supply and sanitation equipment; drying installations; heat exchangers for the removal of flue gases; heat exchangers for the removal of exhaust gases; submerged combustion evaporation units; chimney blowers; chimney flues; chimney extractors; flues; flue gas cleaning apparatus; telescopic combination flues; smoke release dampers; gas recovery apparatus; gas condensers, other than parts of machines; flues for heating boilers; flues for heating boilers and parts therefor; flues incorporating extractors; flues for ventilating apparatus; flues for heating apparatus; supports adapted for use with solar heating tubes; installations for heating swimming pools; evaporators; brackets for gas burners; propagators [electric]; hot air bath fittings; furnace ash boxes; ash conveyor installations, automatic; acetylene burners; acetylene generators; acetylene flares; heated polymerisation units for dental restoration compounds; sliding plate fire dampers; burners; burners for boilers; burners for heating installations; burners for solid fuel; burners for industrial use; burners for the combustion of gas in boiler units; burners for the combustion of oil in boiler units; burner caps for gas stoves; gas burners; oil burners; alcohol burners; furnaces, other than for laboratory use; bunsen burners for laboratory use; fireplaces; steam generators for domestic use; steam generating installations; steam generating apparatus; steam generators; steam boilers, other than parts of machines; steam heating apparatus; steam heating apparatus [for industrial purposes]; steam cabinets for the treatment of clothing; steam accumulators; wallpaper steamers; steam superheaters [for industrial purposes]; wicks for oil stoves; vapour extractor hoods for kitchen stoves; passage furnaces; damping nozzles [parts of fires]; damping apparatus [parts of furnaces]; damping nozzles [parts of furnaces]; damping apparatus [parts of fires]; heaters for heating irons; electrically heated diffusion furnaces; electrically heated hot water tanks; electrically energized flask heaters for use in laboratories; electric strip heating units; electric surface heating tapes; electrical heating elements; electrical heating elements in the form of foil; electrical heating elements in the form of cables; heating filaments, electric; electric boilers; electric heating fans; electric heaters; electric immersion heaters; electric water heating apparatus; electric central heating boiler systems; electric furnaces; electric heat-treating furnaces; electric ranges; elevator furnaces; depilatory wax heaters; flat heating elements; flat radiators for central heating installations; gas water heaters [for household use]; gas fired water heaters; gas water heaters for household use; gas stoves; gas fires; gas fired furnaces; gas fired broilers; gas fired back boiler units for domestic hot water systems; heating apparatus, electric; heating apparatus for containers; aquarium heaters; heating apparatus for furnaces; heating apparatus; heating rods; heating installations; heating installations for fluids; heating installations for nitrate solutions; closed circuit heating installations; induction heaters; induction furnaces; crucible induction furnaces; industrial boilers; industrial heaters; industrial heating installations; chamber furnaces incorporating quenching tanks; mobile heating apparatus; air heating furnaces; dampers for furnaces; ice machines; ice machines and apparatus; ice boxes; ice-cooling refrigerators [for household purposes]; ice cube making machines; electric freezers for household use; cool boxes (electric -); refrigerating machines; combined ice cube making and dispensing machines; commercial refrigeration units; ice dispensing apparatus; freezers; deep freezing apparatus; walk-in freezers; freezing plates; freezer storage units; gas refrigerators; cooling installations for fluids; bottle coolers [apparatus]; electric refrigerators; refrigerating chambers; coils for cooling; refrigerating cabinets; domestic refrigerators; cosmetic refrigerators; ice rink chiller systems; refrigerated counters; sales counters [refrigerated]; air freezing apparatus; air freezing installations; snow-making machines; refrigerated merchandise display cases; coils being parts of cooling installations; apparatus for freezing foodstuffs; cryogenic apparatus; refrigerated shipping containers; hand-held electric hair dryers; electric footwarmers [for personal use]; electric foot warmers [other than for medical use]; electric hand drying apparatus for washrooms; electrical heating pads, other than for medical [treatment] use; electric warming pads, other than for medical use; electric hot air hand dryers; electric hand dryers; electric fans for personal use; electric hot-water bottles; electrical hair driers; footmuffs, electrically heated; hair steamers for beauty salon use; dryers for the face using warm air; hair drying machines for beauty salon use; footwarmers, electric or non-electric; non-electric footwarmers; hair dryers [for household purposes]; hand drying apparatus [heat drying]; electric refrigerators [for household purposes]; refrigerated cabinets for the storage of drink; refrigerated cabinets for the storage of food; range hoods; exhaust hoods [cooker hoods]; filters for air extractor hoods; ventilation hoods; vapour extraction hoods for fireplaces; ventilation hoods for stoves; range hoods [extractor hoods, for household purposes]; cookers; kitchen ranges; kilns; kettles; cooking hobs; cooking rings; cooking appliances; installations for cooking; cooking units; bakers' ovens; ovens; cooking tunnels; installations for baking; microwave ovens [cooking apparatus]; microwave ovens for cooking; microwave ovens for domestic use; microwave ovens for industrial purposes; microwave ovens, not for experimental purposes; electric dryers for laundry use [heat drying]; heat pumps; heat pumps for energy processing., (12) Drone; electric vehicles; self-propelled electric vehicle; vehicles; vehicles adapted for the disabled; vehicles for animal transport; freight carrying vehicles; vehicles adapted for military purposes; rocket-propelled vehicles; vehicles incorporating bucket loaders; vehicles incorporating apparatus for tipping; vehicles incorporating apparatus for loading; vehicles for locomotion by land, air, water or rail;
