remote monitoring of the operational status of building air conditioning and plumbing equipment via telecommunication; monitoring of the operational and processing status of chemical injection apparatus for adding chemicals to steam supplied to papermaking machine dryers in paper factories; repair or maintenance of microbial fuel cell power generation devices; online remote monitoring of the operational and processing status of biogas power generation facilities; online remote monitoring of the operational and processing status of microbial fuel cell power generation devices; chemical cleaning of nuclear plants and industrial plants; mechanical cleaning of nuclear plants and industrial plants; physical cleaning of semiconductor jigs; maintenance of industrial plants; physical cleaning of precision parts, electrical components, and electronic components; consulting on the physical cleaning of precision parts, electrical components, and electronic components; consulting on chemical cleaning work of industrial plants; consulting on mechanical cleaning work of industrial plants; repair or maintenance of chemical plants; maintenance of boilers and water treatment equipment for boiler; operation management of boilers; repair or maintenance of dewatering machines for sludge treatment; repair or maintenance of waste treatment equipment; repair or maintenance of wastewater treatment equipment; operation management of waste treatment equipment; plumbing; provision of construction information; installation, repair and maintenance of clean room facilities and equipment; repair or maintenance of chemical plants and providing information relating thereto; repair or maintenance of chemical processing machines and apparatus and providing information relating thereto; installation of environmental control systems; machinery installation; installation of control systems for air conditioning; installation of industrial machinery; cleaning of semiconductor jigs; cleaning of precision parts, electrical components, and electronic components; consulting on the cleaning processing of precision parts, electrical components, and electronic components; chemical cleaning of semiconductor jigs; chemical cleaning of precision parts, electrical components, and electronic components; consulting on the chemical cleaning of precision parts, electrical components, and electronic components., (40) Water treatment; consulting on water treatment; providing information on water treatment; regeneration of ion exchange resins; contract separation and purification using chromatography equipment; soil and groundwater remediation; processing of domestic waste and trash; processing of industrial waste; rental of chemical processing machines and apparatus; rental of waste compacting machines and apparatus; rental of waste crushing machines and apparatus; rental of machines and apparatus for processing foods or beverages; recycling of waste and trash; sorting and disposal of industrial waste and trash; sorting and disposal of domestic waste and trash; boiler water treatment; quality improvement and purification treatment of steam generated from boilers, and providing advice, consulting, and information on these treatments; coatings of semiconductor jigs; coatings of precision parts, electrical components, and electronic components; water treating; wastewater treatment; upcycling [waste recycling]; regeneration processing of used filtration membranes [waste recycling]; consulting in the field of restoration of reverse osmosis membranes and other filtration membranes [waste recycling]; recycling of chemicals; information, advice and consultancy services relating to the recycling of waste and trash; rental of chemical processing machines and apparatus and providing information relating thereto; rental of waste compacting machines and apparatus and provision of related information; rental of waste crushing machines and apparatus and provision of related information; contaminated soil remediation. and (42) Diagnosis of water treatment and provision of advice based on the diagnostic results; design of industrial liquid chromatography equipment; rental of industrial liquid chromatography equipment; investigation of soil environment and groundwater quality; investigation and research on analytical conditions and preparative separation conditions of water quality, air, pesticides, dioxins, industrial waste, sludge, soil, scale composition, and oil composition; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing and research services in the field of civil engineering; analysis of water quality, air, pesticides, dioxins, industrial waste, sludge, soil, scale composition, and oil composition; measurement of noise, vibration, and surrounding environmental conditions; testing related to metal corrosion; testing related to scale formation in cooling water and boiler water systems; testing related to microorganisms; performance testing of ion exchange resins; evaluation testing of wastewater coagulation and sludge dewatering performance; testing related to wastewater purification treatment in factories; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research on

machines, apparatus and instruments; rental of measuring apparatus; rental of computers (including central processing units and peripherals such as electronic circuits, magnetic disks, magnetic tapes, and other devices storing computer programs); testing and consulting concerning energy saving; online provision of non-downloadable computer software for managing and viewing water treatment monitoring data; online provision of non-downloadable computer software for managing and viewing operational monitoring data of industrial waste incineration equipment; online provision of application software; rental of memory space on communication network servers; rental of measuring machinery and instruments; chemistry services; research in the field of environmental protection; soil contamination investigation; groundwater contamination investigation; advice on testing, data analysis, or measurement related to civil engineering and construction; water quality testing; water quality analysis and evaluation based on analytical results; diagnosis of water treatment methods and advice based on diagnostic results; design of boilers and boiler water treatment equipment; consulting on the design of boilers and boiler water treatment equipment; analysis, evaluation, and assessment of steam generated from boilers, and consulting based on the results; software as a service [SaaS]; calibration of machines.
